Health Resources and Services Administration

Advisory Committee; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), announcement is made of the following National Advisory body scheduled to meet during the month of January 2001.

Name: Advisory Committee on Training in Primary Care Medicine and Dentistry
Date and Time: January 31, 2001; 8:30 a.m.-5:30 p.m.

Place: The Hilton Washington Embassy Row, 2015 Massachusetts Avenue, NW., Washington, D.C. 20036.

The meeting is open to the public.

Purpose: The Advisory Committee shall (1) provide advice and recommendations to the Secretary concerning policy and program development and other matters of significance concerning activities under section 747 of the Public Health Service Act; and (2) prepare and submit to the Secretary, the Committee on Health, Education, Labor and Pensions (formerly the Committee on Labor and Human Resources) of the Senate, and the Committee on Commerce of the House of Representatives a report describing the activities of the Advisory Committee, including findings and recommendations made by the Committee concerning the activities under section 747 of the PHS Act. The Advisory Committee will meet twice each year and submit its first report to the Secretary and the Congress by November 2001.

Agenda: Discussion of the focus of the programs and activities authorized under section 747 of the Public Health Service Act. Review of the work completed to date by the two workgroups will be reviewed. Funding issues and recommendations for the future will be addressed. There will be finalization of an outline and specific content areas to be included in the Committee's first report.

Anyone interested in obtaining a roster of members, minutes of the meeting, or other relevant information should write or contact

Dr. Stan Bastacky, Deputy Executive Secretary, Advisory Committee on Training in Primary Care Medicine and Dentistry, Parklawn Building, Room 9A-21, 5600 Fishers Lane, Rockville, Maryland 20857, phone (301) 443-6326, e-mail sbastacky@hrsa.gov. The web address for the Advisory Committee is http://158.72.83.3/bhpr/dm/new_advisory_committee_on_primar.htm.

Dated: January 9, 2001.

Jane M. Harrison,

Director, Division of Policy Review and Coordination.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project

Evaluation of the CMHS/CSAT Collaborative Program On Homeless Families: Women With Psychiatric, Substance Use, Or Co-Occurring Disorders and Their Dependent

Children, Phase II—New—SAMHSA's Center for Mental Health Services (CMHS) and Center for Substance Abuse Treatment (CSAT), through a set of cooperative agreements, proposes to conduct a longitudinal, multi-site evaluation study assessing mental health, substance abuse, and trauma interventions received by homeless mothers with psychiatric, substance use, or co-occurring disorders and their dependent children. The study will advance knowledge on appropriate and effective approaches to improving families residential stability, overall functioning, and ultimate self-sufficiency.

Data collection will be conducted over a 33-month period. A total of 2,000 participants will be recruited from eight to ten sites. At each site, a documented treatment intervention will be tested in comparison to an alternative treatment condition. Participants will be interviewed at baseline (within two weeks of entering a program) as well as three additional times (3 months after program entry, 9 months after program entry, and 15 months after program entry). Trained interviewers will administer the interviews to participating mothers. Information on the children will be obtained from the mother.

Key outcomes for the mothers are increased residential stability, decreased substance use, decreased psychological distress, improved mental health functioning, increased trauma recovery, improved health, improved functioning as a parent, and decreased personal violence. Outcomes for the children are reduced emotional/behavioral problems and improved school attendance.

To reduce burden and increase uniformity across the study sites, a central Coordinating Center will develop and administer common data entry and tracking computer programs. A variety of quality control procedures will also be implemented to ensure the integrity and uniformity of the data collected. Data will be submitted to the Coordinating Center via electronic means. Training and technical assistance will be provided to all sites on data submission. Sites will be asked to follow uniform procedures for submitting their data.

The estimated response burden is as follows:

Interview	Number of respondents	Responses per respondent	Burden per response (hrs.)	Total burden hours
Baseline	2,000	1	1.58	3,160
Follow-Up 1 (3 months)	2,000	1	1.25	2,500
Follow-Up 2 (9 months)	2,000	1	1.25	2,500

Interview	Number of respondents	Responses per respondent	Burden per response (hrs.)	Total burden hours
Follow-Up 3 (15 months)	2,000	1	1.25	2,500
Total	2,000	10,660
3-yr annual average	2,000	3,553

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: January 10, 2001.

Richard Kopanda,

Executive Officer, SAMHSA.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

State Prevention Needs Assessments: Alcohol and Other Drugs—(OMB No. 0930-0185, Extension)—SAMHSA's Center for Substance Abuse Prevention (CSAP) has awarded contracts to eight

States in Cohorts III and IV of the State Prevention Needs Assessment Program to collect data to assess the nature and extent of substance abuse prevention services needs. The family of prevention needs assessment studies applies a core set of measures, instruments, and methodologies developed and standardized under prior State needs assessment state contracts. These needs assessment studies will permit cross-State comparison of risk and protection variables to assist State services planning and allocation of State Block Grant funds.

CSAP is seeking a one year extension of OMB approval for the Virginia student survey to allow the second administration of the student survey and for completion of the Hawaii Community Resource Assessment survey. The annual response burden for this extension is as follows:

Respondent	Number of respondents	Average number of responses/respondent	Average burden/response (hours)	Total burden hours
Currently approved:				
Student Survey	27,120	1	.75	20,340
Young Adult Surveys	5,870	1	.50	2,935
Community Resource Assessment Studies	851	1	1.0	851
Special Population Studies	1,800	1	.50	900
Current Total	35,641	25,026
Virginia Student Survey Continuation	3,400	1	.75	2,550
Hawaii Community Resource Assessment	190	1	1.00	190
New Total	3,590	2,740

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Stuart Shapiro, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: January 10, 2001.

Richard Kopanda,

Executive Officer, SAMHSA.
