

the numbers of individuals served in each program year. If the grantee has a fully-developed and automated MIS, the response time is limited to one-time programming plus processing time for each response.

Estimated Total Annual Burden Hours:

Total Burden Hours—15,630 hours per year.

Planning narrative (NFJP)—10 responses times 5 hours per response equals 50 burden hours.

BIS (NFJP)—10 responses times 15 hours per response equals 150 burden hours.

PPS (NFJP)—10 responses times 15 hours per response equals 150 burden hours.

PSS (NFJP)—4 responses per grantee times 7 hours per response times 10 grantees equals 280 burden hours.

Record Keeping (NFJP SPIR)—5,000 files times 3 hours per file equals 15,000 hours.

Even though no burden estimate for the SF-269 is included here, it should be noted that expenditures must be reported on by year of appropriation, regardless of the year in which the funds were expended. Thus, if more than one year's appropriation is expended in a given quarter, two FSR's (or more) must be submitted for that period.

Total Burden Cost (capital/startup):
\$—0—.

Total Burden Cost (operating/maintaining):

Youth Title I-D National Farmworker Jobs Program—15,630 hours times \$15.00 per hour equals \$224,450.00.

Costs may vary widely among grantees, from nearly no additional cost to some higher figure, depending on the state of automation attained by each grantee and the wages paid to the staff actually completing the various forms. All costs associated with the submission of these forms are allowable grant expenses.

Comments submitted in response to this request will be summarized and/or included in the Office of Management and Budget request for approval of the information collection. All comments will become a matter of public record.

Section 101(e)(1) describes the plan administrator's obligation to provide advance written notification of such transfers to participants and beneficiaries. Section 101(e)(2)(A)

describes the employer's obligation to provide advance written notification to the Secretaries of Labor and Treasury, the administrator, and each employee organization representing participants in the plan. The requirements relating to advance notification of transfers to retiree health benefit accounts were added to ERISA as part of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508). The ICR included in ERISA Technical Release 9-1 provides guidance on the type of information to be provided in the notices to both the participants and beneficiaries and the Secretaries.

In the absence of this exemption, certain aspects of these transactions might be prohibited by section 406 of ERISA.

Recordkeeping requirements incorporated within the class exemption are intended to protect the interests of plan participants and beneficiaries.
