

periodically publish, on its web site and through regulatory circulars to Exchange members and member organizations, the quotation size for which its members' quotations are firm as required by Rule 11Ac1-1(d)(1)(i) under the Act.⁴

In addition, the Exchange proposes to voluntarily disseminate to OPRA the applicable automatic execution size guarantee for each quoted option, except that with respect to customer limit orders the Phlx would disseminate a size of 10 contracts, regardless of the actual size of the customer order. In all cases, the Phlx would be firm for its disseminated quotation size (without regard to whether the given order would be eligible for automatic execution via the Exchange's automatic execution feature, AUTO-X).⁵

Until the Phlx has completed its application of the systems changes necessary to automatically update its quotation size on a continuous basis, the Phlx believes that the instant proposal represents a vast improvement over the current system, by increasing transparency and providing the market place with considerably more information upon which to base order routing decisions.

Finally, the Phlx expects to begin providing quotations with actual size on a floor-wide basis within one year. The Exchange will undertake to submit a further proposed rule change when the Exchange is able to disseminate actual size associated with its options quotes and customer limit orders.

The instant proposed rule change does not affect in any respect the Exchange's obligations concerning non-public customer orders.⁶ Prior to the April 1, 2001 mandatory compliance date of the amended Quote Rule, the Exchange will establish firm quote requirements with respect to broker-dealers, as required by the amended Quote Rule.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6 of the Act⁷ in general, and in particular, with Section 6(b)(5),⁸ in that

⁴ Exchange Act Rule 11Ac1-1(d)(1)(i), 17 CFR 240.11Ac1-1(d)(1)(i).

⁵ In the event that certain Phlx specialist firms are able to develop and implement proprietary systems (called "Specialized Quote Feeds" or "SQFs") that are able to disseminate actual size prior to the Exchange's systems disseminating quotations with actual size on a floor-wide basis, the Phlx would undertake to file a further proposed rule change with the Commission requesting approval to disseminate actual size for those options classes assigned to such specialist firms.

⁶ See Exchange Rule 1015(b) and Options Floor Procedure Advice A-11.

it is designed to perfect the mechanism of a free and open market and a national market system, protect investors and the public interest and promote just and equitable principles of trade by increasing transparency and providing the market place with considerably more information upon which to base order routing decisions.

Finally, after consultation with Commission staff, the Phlx believes that the proposed rule change described in this filing, including permitting SQF users to disseminate actual size when they are able to do so (as described in Footnote No. 5) is consistent with the amended Quote Rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Phlx does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days or such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Phlx consents, the Commission will:

(A) By order approve such proposed rule change, or,

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the

public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Phlx. All submissions should refer to file No. SR-Phlx-01-01 and should be submitted by February 8, 2001.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁹

Margaret H. McFarland,
Deputy Secretary.
