In addition, in accordance with Privacy Act requirements (5 U.S.C. 552a(r)), the Department of Justice has provided a report on these modifications to OMB and the Congress. SUPPLEMENTARY INFORMATION: The Department is modifying the system of records to include one new routine use. This new routine use provides for disclosure of information in the NICS Audit Log to the Bureau of Alcohol, Tobacco, and Firearms (ATF) in connection with ATF's inspections of Federal Firearms Licensee records. The notice is also being modified to reflect that information about allowed transfers will only be retained in the NICS Audit Log for 90 days, unless such information is needed to pursue identified cases of misuse. Revisions to 28 CFR part 25 which underlie these changes are being implemented in the Rules section of today's **Federal Register**.

The notice is also being revised to clarify that system limitations on retaining information only apply to allowed transactions.

Accordingly, the system of records is modified as provided below.

SYSTEM NAME

National Instant Criminal Background Check System (NICS).

ACTION

The system notice published in the **Federal Register** on November 25, 1998 (63 FR 65223), and amended on

December 14, 2000 (65 FR 78190), is further amended as follows:

1. In the section titled "Categories of Individuals Covered by the System," subsection L is amended by changing the fourth and fifth sentences so that the subsection now reads as follows:

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM

* * * * *

L. Has applied for the transfer of a firearm or for a firearms-related permit or license and has had his or her name forwarded to the NICS as part of a request for a NICS background check. (Identifying information about this category of individuals is maintained for system administration and security purposes in the "NICS Audit Log," a system transaction log described below under the headings "CATEGORIES OF RECORDS IN THE SYSTEM" and "RETENTION AND DISPOSAL." Identifying information may also be maintained in appeals files for those individuals who have requested the reason for a denial or delay from the FBI, or from a law enforcement agency serving as a POC, and/or challenged the accuracy or validity of a disqualifying record or otherwise inquired about a NICS transaction. In cases of allowed transfers, all information in the NICS Audit Log related to the person or the transfer, other than the NICS Transaction Number (a unique number assigned to each valid background request inquiry) assigned to the transfer and the date the number was assigned, will be destroyed after not more than 90 days after the transfer is allowed, provided that such information may be retained for a longer period if necessary to pursue identified cases of misuse of the system. In such cases, the system will not contain any details about the type of firearm which is the subject of the proposed transfer (other than the fact that it is a handgun or long gun) or whether a sale or transfer of a firearm has actually taken place.)

2. The section titled "Routine Uses of Records Maintained in the System, Including Categories of Users and the Purposes of Such Uses" is amended by adding a new subparagraph ("J") at the end to read as follows:

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES

* * * * *

J. Information in the NICS Audit Log (including records of approved and denied transfers) may be disclosed to the Bureau of Alcohol, Tobacco, and Firearms (ATF) in connection with

ATF's inspections of Federal Firearms Licensee records.

3. In the section titled "Retention and Disposal" the second paragraph is amended to read as follows:

RETENTION AND DISPOSAL

* * * * *

The FBI will maintain an audit Log of all NICS transactions. Firearms transaction approvals will be maintained for 90 days (except that such information may be retained for a longer period if necessary to pursue identified cases of misuse of the system). The NICS Transaction Number (the unique number assigned to the NICS transaction) and the date on which it was assigned will be maintained indefinitely. ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c) (2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Small Business Programs (OSBP) is soliciting comments concerning the proposed new collection of the Small Business Programs Information Management System. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the

addresses section below on or before March 23, 2001.

SUPPLEMENTARY INFORMATION:

I. Background

Federal agencies are required to promote procurement opportunities for small, small disadvantaged, and 8(a) businesses by the Small Business Act, as amended, (Public Law 95-507, Sections 8 and 15) and Pub. L. 100-656 (Sections 502 and 503). The Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-355) mandates similar efforts for small women-owned businesses. Public Law 106-50 created the program for service-disabled veteran-owned small businesses. Public Law 105-135 established the HubZone program. The Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121) requires Federal agencies to make available to small businesses compliance guides and assistance on the implementation of regulations and directives of enforcement laws they administer. Executive Orders 12876, 12900, and 13021 direct Federal agencies to implement programs, respectively, regarding Historically Black Colleges and Universities, Educational Excellence for Hispanic Americans, and Tribal Colleges and Universities that are administered by the respective White House Initiative offices (in the U.S. Department of Education). Executive Order 13125 directs Federal agencies to ensure that Asian Americans and Pacific Islanders are afforded opportunity to fully participate in Federal Programs. Further, Executive Order 13170 requires that Departments take a number of actions to increase outreach and maximize participation of small disadvantaged businesses in their procurements. Executive Order 13157 strengthens the executive branch's commitment to increased opportunities for women-owned small businesses. Accordingly, the Small Business Programs Information Management System is needed to gather, document, and manage identifying information for four Office of Small Business Programs constituency groups: Small Businesses;

Trade Associations; Minority Colleges and Universities; and Tribal Governments. Via this system, the constituent groups will have the opportunity to voluntarily provide to OSBP information about their organizations. The information will be used by OSBP and DOL agencies to maximize communication with the respective constituency groups regarding relevant OSBP and DOL programs, initiatives, and procurement opportunities; to track and solicit feedback on customer service to group members; and to facilitate registration of group members for OSBP-sponsored activities.

II. Review Focus

The Office of Small Business Programs is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
