ACTION: Notice.

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Small Business Programs (OSBP) is soliciting comments concerning the proposed new collection of the Small Business Programs Information Management System. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

Federal agencies are required to promote procurement opportunities for small, small disadvantaged, and 8(a) businesses by the Small Business Act, as amended, (Public Law 95-507, Sections 8 and 15) and Pub. L. 100-656 (Sections 502 and 503). The Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-355) mandates similar efforts for small women-owned businesses. Public Law 106-50 created the program for service-disabled veteran-owned small businesses. Public Law 105-135 established the HubZone program. The Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121) requires Federal agencies to make available to small businesses compliance guides and assistance on the implementation of regulations and directives of enforcement laws they administer. Executive Orders 12876, 12900, and 13021 direct Federal agencies to implement programs, respectively, regarding Historically Black Colleges and Universities, Educational Excellence for Hispanic Americans, and Tribal Colleges and Universities that are administered by the respective White House Initiative offices (in the U.S. Department of Education). Executive Order 13125 directs Federal agencies to ensure that Asian Americans and Pacific Islanders are afforded opportunity to fully participate in Federal Programs. Further, Executive Order 13170 requires that Departments take a number of actions to increase outreach and maximize participation of small disadvantaged businesses in their procurements. Executive Order 13157 strengthens the executive branch's commitment to increased opportunities for women-owned small businesses. Accordingly, the Small Business Programs Information Management System is needed to gather, document, and manage identifying information for four Office of Small Business Programs constituency groups: Small Businesses;

Trade Associations; Minority Colleges and Universities; and Tribal Governments. Via this system, the constituent groups will have the opportunity to voluntarily provide to OSBP information about their organizations. The information will be used by OSBP and DOL agencies to maximize communication with the respective constituency groups regarding relevant OSBP and DOL programs, initiatives, and procurement opportunities; to track and solicit feedback on customer service to group members; and to facilitate registration of group members for OSBP-sponsored activities.

II. Review Focus

The Office of Small Business Programs is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF LABOR

Employment and Training Administration

Workforce Investment Act, Section 171(d), Demonstration Program: Incumbent/Dislocated Worker Skill Shortage II Demonstration Program; Notice of Changes to Solicitation for Grant Applications (SGA)

On October 31, 2000, the Department of Labor (DOL) announced in the **Federal Register** (65 FR 64991-65007; FR Doc. 00-27930) a solicitation for grant applications (SGA) for the Incumbent/Dislocated Worker Skill Shortage II Demonstration Program (Reference: SGA/DFA 00-113). Proposals for this SGA were to be submitted by 4:00 p.m. Eastern Time on Tuesday, January 16, 2001.

Included among the requirements for activities under this demonstration program was the use of the lower living standard income level (LLSIL) as a wage standard for certain jobs to be filled by demonstration participants who were successful training completers. The relevant portion of the SGA at Part II, Section D., Wages noted:

Proposals must provide assurance that all participating firms which employ successful training completers have committed to pay wages to these completers * * * at a level at least equal to meeting the lower living standard income level as defined in Section 101(24) of WIA.

As a result of several inquiries regarding the LLSIL and in further consideration of this matter, the Department wishes to both clarify its intent and to change this requirement as originally announced. Because the LLSIL is adjusted for several factors, some inquirers have suggested that use of this standard in connection with its adjustments for family size could violate current equal pay protection standards. The Department wishes to note that violation of equal pay protection standards is not the intended use of the LLSIL in this SGA and regrets any misunderstanding in this matter.

Effective this date, Part II, Section D., Wages of the referenced SGA is replaced as follows:

Proposals must provide assurance that all participating firms which employ successful training completers have committed to pay wages to these completers at the wage level set by any collective bargaining agreement which covers positions to be filled by the project participants, or, if no such agreement exists, at a level at least equal to meeting the lower living standard income level as defined in Section 101(24) of WIA for a family of four.

As the above change indicates, the LLSIL, when used, is to be applied in the amounts applicable to a family of four. By standardizing the application of the LLSIL to this family size for this demonstration, a uniform wage level will be applicable for all persons regardless of their respective family sizes. All other adjustments to the LLSIL (regional, metropolitan, urban and rural differences) will continue to be applicable as provided in Section 101(24) of WIA.

(Information on the current LLSIL's may be found at: www.wdsc.org/llsil/ or in the **Federal Register** (65 FR 30630-30636; FR Doc. 00-11978))

To allow additional time for applicants to consider this notice, the Department hereby reopens and extends the deadline for receipt of proposals for this SGA until 4:00 p.m. Eastern Time on Wednesday, February 21, 2001. In addition, applicants who submitted proposals by the original deadline of January 16, 2001 are invited to amend their proposals accordingly by this new deadline.

Other than indicated herein, the requirements established by the above referenced October 31, 2000 SGA (SGA/DFA 00-113) remain in force.

Signed at Washington, DC, this sixteenth day of January 2001.

Laura A. Cesario,

Grant Officer, Division of Federal Assistance.
