Submission for OMB Review; Comment Request

Title: Federal Tax Offset, Administrative Offset, and Passport Denial Programs.

OMB No.: 0970–0161.

Description: The Tax Refund Offset and Administrative Offset Program collects past-due child support by intercepting certain Federal payments, including Federal Tax refunds of parents who have been ordered to pay child support and are behind in paying the debt. The program is a cooperative effort including the Department of Treasury's financial Management Service (FMS), the Federal Office of Child Support Enforcement (OCSE) and State Child Support Enforcement (CSE) agencies. The Passport Denial program reports noncustodial parents who owe arrears above a threshold to Department of State (DOS), which will then deny

passports to these individuals. On an ongoing basis, CSE agencies submit to OCSE the names, Social Security Numbers (SSNs) and the amount(s) of

past due child support of people who are delinquent in making child support payments.

Respondent: Annual Burden Estimates.

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
