**United States Army***How Systems of Records Are Arranged*

Department of the Army records are identified by the directive number which prescribes the records created, maintained and used, and are published in numerical sequence by identification number. For example, a system of records about assignment of military personnel may be found in the 614 series; assignments, details and transfers'. Some subjects, such as

investigations, are treated as sub-elements of a series, e.g., 'criminal investigations', 'security', and 'military intelligence'.

*How to Use the Index Guide*

To locate a particular system of records, follow this general guide. The series subject corresponds to the system identification number. For example: medical records for military and civilian personnel are in the 40 series. The first letter, 'A', represents the Army, the number 40-66 is the prescribing directive, and the suffix letters are internal management devices.

*For Further Assistance*

**Public Hearings for the Draft Environmental Impact Statement for Renewal of Authorization to Use Pinacastle Range, Ocala National Forest, FL**

**AGENCY:** Department of the Navy, DOD.  
**ACTION:** Announcement of public hearings.

**SUMMARY:** The Department of the Navy (Navy) in cooperation with the United States Forest Service (USFS) has prepared and filed with the United States Environmental Protection Agency (EPA) a Draft Environmental Impact Statement (DEIS) for the renewal of USFS authorization to allow the Navy continued use of the Pinacastle Bombing Range located in the Ocala National Forest, FL. 3. February 12, 2001, 5:00 to 9:00 p.m., Umatilla, FL.

**ADDRESSES:** The hearing locations are:

1. Ocala—Ocala Civic Auditorium, 836 Northeast Sanchez, Ocala, FL.

**SUPPLEMENTARY INFORMATION:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969, as implemented by the Council on Environmental Quality Regulations (40 CFR parts 1500-1508), the Navy in cooperation with the USFS has prepared and filed with the EPA a DEIS for the renewal of USFS authorization to allow the Navy continued use of the Pinacastle Bombing Range located in the Ocala National Forest, FL. A Notice of Intent for this DEIS was published in the **Federal Register** on April 1, 1997 (62 FR 15470). Two public scoping meetings were held in Umatilla, FL, on April 17, 1997, and in Ocala, FL, on April 29, 1997.

The DEIS is written to provide Navy and USFS decision-makers information of the potential impacts associated with the renewal of the Navy's authorization to continue using the range. The Navy is not proposing to select a new range or expand the current range under this action.

The Navy previously conducted a preliminary analysis of alternatives, including the plausibility of moving training operations to other military ranges in the southeast United States. These alternatives did not meet the Navy's operational criteria, thus were eliminated from detailed analysis in the DEIS. The preferred alternative presented in the DEIS would renew the Navy's authorization to use the range. There are no significant environmental impacts associated with either the preferred or no-action alternatives.

The DEIS has been distributed to various Federal, state, and local agencies, elected officials, and special interest groups, and is available for public review at the following public libraries:

—Umatilla Public Library, 412 Hatfield Drive, Umatilla, FL.
