

Sanctuary) and the Elkhorn Slough National Estuarine Research Reserve sit as non-voting members.

The Council is supported by three working groups: the Research Activity Panel (RAP) chaired by the Research Representative, the Sanctuary Education Panel (SEP) chaired by the Education Representative, and the Conservation Working Group (CWG) chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection. The working groups are composed of experts from the appropriate fields of interest and all meet monthly, serving as invaluable advisors to the Council and the Sanctuary Superintendent. Several task forces have been established to assist in developing specific programmatic goals. Most notable is the formation of the Business and Tourism Activity Panel (BTAP), whose purpose is to strengthen economic partnerships with the Sanctuary Program.

The Council represents the coordination link between the Sanctuary and the state and federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the central California coastal and marine ecosystems.

The Council functions in an advisory capacity to the Sanctuary Manager and is instrumental in helping develop policies, program goals, and identify education, outreach, research, long-term monitoring, resource protection and revenue enhancement priorities. The Council works in concert with the Sanctuary Manager by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Manager in achieving the goals of the Sanctuary program within the context of California's marine programs and policies.

**Authority:** 16 U.S.C. Section 1431 *et seq.* (Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)
