- AmeriCorps*National (new), May 3, 2001

- AmeriCorps*National (continuations), April 17, 2001

- AmeriCorps*Education Awards Program, May 15, 2001 and November 8, 2001

- AmeriCorps Promise Fellows, June 15, 2001

The application guidelines for each program contain information concerning available funds and program requirements as well as information about the application process itself. If you are an organization that applies directly to us, you may download the application guidelines from our website at: <http://americorps.org/resources> or you can obtain a hard copy by calling (202) 606-5000 ext. 163.

Organizations interested in applying under the AmeriCorps*National application guidelines may participate in one of two conference calls to be held on February 22, 2001 and March 22, 2001, respectively, during which Corporation staff will provide technical assistance to potential applicants. The calls will begin at 2:30 p.m. and conclude at 4:00 p.m., Eastern Standard Time. Please call (202) 606-5000 ext. 386 to register for the conference call. Upon registration for one of the calls, you will be provided with the applicable 800 number needed for participation.

For organizations that apply directly to a State Commission, you may obtain contact information at <http://www.nationalservice.org/contactus.html>

Dated: January 26, 2001.

Peter Heinaru,

*Director, AmeriCorps*State/National.*

BILLING CODE 6050-28-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP01-66-000]

Egan Hub Partners, L.P.; Notice of Application

January 25, 2001.

Take notice that on January 16, 2001, Egan Hub Partners, L.P. (Egan Hub) 5400 Westheimer Court, Houston, Texas 77056-5310, filed, in Docket No. CP01-66-000, an application pursuant to Section 7(c) of the Natural Gas Act and

Part 157 of the Federal Energy Regulatory Commission's (Commission) regulations for a certificate of public convenience and necessity authorizing: (1) The installation of additional compression and appurtenant facilities, and (2) the expansion of storage capacity at Egan Hub's existing salt dome storage facility located in Acadia Parish, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Specifically, Egan Hub proposes to increase the total maximum operating capacity of its existing two-cavern facility from the currently certificated 15.5 Bcf capacity to a proposed 21 Bcf capacity, and install an additional 18,365 hp of compression. Egan Hub states that the existing 1,500,000 Mcfd of deliverability from the storage field will be unchanged, but the aggregate maximum average injection rate will be increased from 600,000 Mcfd to approximately 800,000 Mcfd. Egan Hub requests continued authorization to charge market-based rates.

Egan Hub requests certificate authorization on or before June 1, 2001, in order to provide access to an increment of the new storage capacity during the 2001-2002 heating season. Egan Hub also requests that the certificate provide for a construction period ending October 31, 2005, to accommodate the four year construction period that will be required if cavern expansion is created through the "solution mining under gas" technique which allows both caverns to remain in service while capacity is increased.

Questions regarding the details of this proposed project should be directed to Mr. Steven E. Tillman, Director of Regulatory Affairs, P.O. Box 1642, Houston, Texas 77251-1642 or call (713) 627-5113 or FAX (713) 627-5947.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before February 15, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents

filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this

proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2055-010]

Idaho Power Company; Notice of Extension of time

January 25, 2001.

By a Motion dated January 17, 2001, the Regional Solicitor, U.S. Department of the Interior (Interior) requested an extension of time for the filing of comments in response to the Commission's Notice of Ready for Environmental Analysis and Soliciting Comments, Recommendations, Terms and Conditions, and Prescriptions issued December 5, 2000. Interior stated that because of the scope of the project, personnel changes, staff work load and time constraints imposed on Interior's U.S. Fish and Wildlife Service, additional time is needed in order to prepare and file its comments. Interior has requested an extension of time until March 3, 2001.

Upon consideration, notice is hereby given that an extension of time for the filing of comments, recommendations, terms and conditions, and prescriptions is granted to Interior and all parties in this proceeding until and including March 3, 2001.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER01-549-001]

Illinois Power Company; Notice of Filing

January 25, 2001.

Take notice that on January 12, 2001, Illinois Power Company (Illinois Power), 500 South 27th Street, Decatur, Illinois 65251-2200, tendered for filing with the Commission an amendment to its December 1, 2000 filing in the above-referenced docket.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before February 2, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER01-179-001]

PJM Interconnection, L.L.C.; Notice of Filing

January 25, 2001.

Take notice that on January 11, 2001, PJM Interconnection, L.L.C. (PJM), on behalf of, and at the request of Allegheny Electric Cooperative, Inc., in response to the Commission's December 18, 2000 Letter Order, tendered for filing revised Schedule 7, Schedule 8, and

Attachment H-8 to PJM's Open Access Transmission Tariff.

Copies of this filing were served upon all parties listed on the official service list in Docket No. ER01-179-000.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before February 2, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper.
