Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties this new shipper administrative review are addressed in the "Issues and Decision Memorandum" ("Decision Memorandum") from Joseph A. Spetrini, Deputy Assistant Secretary, Import Administration, to Bernard T. Carreau, Acting Assistant Secretary for Import Administration, dated January 24, 2001, which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the *Decision Memorandum*, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file at the U.S. Department of Commerce, in the Central Records Unit, in room B-099. In addition, a complete version of the Decision Memo, accessible in B-099 and on the web at <http://ia.ita.doc.gov>. The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made changes to the margin calculation. For the final results, we have made the following three changes: (1) We have corrected our formula to calculate methyl alcohol in our calculation worksheet; (2) we have corrected our worksheet by calculating a weighted average for chloroacetic acid ("MCA"), and have used the full range of MCA import prices from *Chemical Weekly* for the POR to value MCA; and (3) we used the surrogate value information on hexamine for the POR from the "General Market Information" of *Chemical Weekly*. Any alleged programming or clerical errors with which we do not agree are discussed in the relevant sections of the "Decision Memorandum," accessible in B-099 and on the Web at <http://ia.ita.doc.gov>.

Final Results of Review

We determine that the following percentage weighted-average margin exists for the period March 1, 1999 through August 31, 1999:

GLYCINE

Producer/manufacture/exporter	Weighted-average margin (percent)
Nantong Dongchang Chemical Industry Corp	17.99

The Department shall determine, and the U.S. Customs Service ("Customs") shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates. We divided the total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer. We will direct Customs to assess the resulting percentage margin against the entered Customs values for the subject merchandise on each of that importer's entries under the relevant order during the review period.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of the new shipper administrative review for all shipments of glycine from the People's Republic of China entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate shown above; (2) the cash deposit rate for PRC exporters who received a separate rate in a prior segment of the proceeding but for whom a review was not requested for this POR will continue to be the rate assigned in that segment of the proceeding; (3) the cash deposit rate for the PRC NME entity (*i.e.*, all other exporters, which have not been reviewed) will continue to be 155.89 percent; and (4) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant

entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and in the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanctions.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: January 24, 2001.

Bernard T. Carreau,

Acting Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limits for final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce is extending the time limit for the final

results of the antidumping duty administrative review of the antidumping order on gray portland cement and clinker from Mexico. The review covers one manufacturer/exporter, CEMEX, S.A. de C.V (CEMEX), and its affiliate, Cementos de Chihuahua, S.A. de C.V. (CDC). The period of review is August 1, 1998, through July 31, 1999.

EFFECTIVE DATE: January 31, 2001.

FOR FURTHER INFORMATION CONTACT: David Dirstine or Minoo Hatten, AD/CVD Enforcement Group I, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4033 and (202) 482-1690, respectively.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR Part 351 (1999).

Extension of Time Limits for Final Results

The Department published the preliminary results of this administrative review on September 7, 2000 (64 FR 54220). Under section 751(a)(3)(A) of the Act, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the review within the statutory time limit. On January 5, 2001, the Department published in the **Federal Register** an extension of the time limit for the final results of this review until February 5, 2001 (66 FR 1078). However, due to the complexity of the issues in this case, such as whether certain sales are outside the ordinary course of trade and how difference-in-merchandise adjustments are calculated, and to administrative constraints, the Department determines that it is not practicable to complete the final results of this review within this time limit. Therefore, the Department is fully extending the deadline for the final results in this review to 180 days from the date on which the notice of preliminary results was published. The fully extended deadline for the final results is March 6, 2001.

Dated: January 25, 2001.

Susan H. Kuhbach,

Acting Deputy Assistant Secretary for AD/CVD Enforcement I.
