Background

The Commission instituted these reviews on November 2, 1999 (64 FR 59209), and determined on February 3, 2000, that it would conduct full reviews (64 FR 7891, February 16, 2000). Certain Stainless Steel Butt-Weld Pipe Fittings From Italy, Malaysia, and the Philippines

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission determines,² pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports of certain stainless steel butt-weld pipe fittings from Italy, Malaysia, and the Philippines, provided for in subheading 7307.23.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV). The Commission further determines that critical circumstances do not exist with regard to those imports of the subject merchandise from Italy and the Philippines that were subject to affirmative critical circumstances determinations by the Department of Commerce.³

Background

The Commission instituted these investigations effective December 29, 1999, following receipt of a petition filed with the Commission and the Department of Commerce by Alloy Piping Products, Inc., Shreveport, LA;

³ Commissioner Lynn M. Bragg found that critical circumstances exist with regard to those imports of the subject merchandise from Italy and the Philippines that were subject to affirmative critical circumstances determinations by the Department of Commerce.

² Neither former Commissioner Thelma J. Askey nor Commissioner Dennis M. Devaney participated.

The final phase of the investigations involving Italy and the Philippines was scheduled by the Commission following notification of preliminary determinations by the Department of Commerce that imports of certain stainless steel butt-weld pipe fittings from Italy and the Philippines were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). The final phase of the investigation involving Malaysia was scheduled at the same time even though Commerce made a negative preliminary determination in that investigation; Commerce ultimately made an affirmative final determination that imports of certain stainless steel butt-weld pipe fittings from Malaysia were being sold at LTFV within the meaning of section 735(b) of the Act (19 U.S.C. 1673d(b)).

Notice of the scheduling of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of August 23, 2000 (65 FR 51328). SUPPLEMENTARY INFORMATION:

Overview

The Violent Crime Control and Law Enforcement Act of 1994 (Pub. L. 103-322) authorizes the Department of Justice to make grants to increase deployment of law enforcement officers devoted to community policing on the streets and rural routes in this nation. COPS MORE 2001 is designed to expand the time available for community policing by current law enforcement officers, rather than fund the hiring or rehiring of additional law enforcement officers.

COPS MORE 2001 permits eligible agencies to seek funding to purchase equipment and technology. To qualify for funding, technology items must be purchased after the COPS MORE 2001 grant award start date and must increase the number of sworn officers engaged in community policing within the agency's jurisdiction.

As a result of this funding, the number of officers redeployed by agencies in community policing must be equal to or greater than the number of officers that would result from grants of the same amount for hiring new officers. Application Kits will be available after February 12, 2001. Completed Applications Kits must be received by the COPS Office by April 20, 2001. Applications received postmarked on or before March 23, 2001 and April 6, 2001 will be given priority consideration.

Applicants must provide a thorough explanation of how the proposed redeployment funds will actually result in the required increase in the number of officers deployed in community policing. Additionally, the applicant must specify within the COPS MORE 2001 Application a plan for retaining the awarded technology and continuing the increased level of redeployment into community policing with state or local funds following the conclusion of COPS MORE 2001 funding. Technical assistance with the development of community policing plans will be provided to jurisdictions in need of such assistance. Grants will be made for up to 75 percent of the cost of the requested equipment or technology up to \$250,000 for jurisdictions with service populations of 50,000 or less, up to \$500,000 for jurisdictions with service populations of 50,001 to 150,000 and up to \$1,000,000 for jurisdictions with service populations over 150,000 with the remainder to be paid by state or local funds. Waivers of the non-federal share will be considered upon a showing of severe fiscal distress. COPS redeployment funds may not be used to replace funds that eligible agencies otherwise would have devoted to technology acquisition.

An award under COPS MORE 2001 will not affect the eligibility of an agency's application for a grant under any other COPS program.

(The Catalog of Federal Domestic Assistance (CFDA) reference for this program is 16.710.)

Dated: January 22, 2001.
