

present evidence and cross-examine witnesses.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, or may be delivered to the Commission's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, by the above date. A copy of the petition should also be sent to the Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and to Mr. William D. Johnson, Vice President and Corporate Secretary, Carolina Power & Light Company, Post Office Box 1551, Raleigh, North Carolina 27602, attorney for the licensee.

Nontimely filings of petitions for leave to intervene, amended petitions, supplemental petitions and/or requests for hearing will not be entertained absent a determination by the Commission, the presiding officer or the presiding Atomic Safety and Licensing Board that the petition and/or request should be granted based upon a balancing of the factors specified in 10 CFR 2.714(a)(1)(i)-(v) and 2.714(d).

If a request for a hearing is received, the Commission's staff may issue the amendment after it completes its technical review and prior to the completion of any required hearing if it publishes a further notice for public comment of its proposed finding of no significant hazards consideration in accordance with 10 CFR 50.91 and 50.92.

For further details with respect to this action, see the application for amendment dated December 14, 2000, which is available for public inspection at the Commission's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, and accessible electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.nrc.gov>).

Dated at Rockville, Maryland, this 31st day of January 2001.

For the Nuclear Regulatory Commission.

**Richard J. Laufer,**

*Project Manager, Section 2, Project Directorate II, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.*

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-213-OLA and ASLBP No. 01-787-02-OLA]

### Connecticut Yankee Atomic Power Company Haddam Neck Plant; Establishment of Atomic Safety and Licensing Board

Pursuant to delegation by the Commission dated December 29, 1972, published in the **Federal Register**, 37 Fed. Reg. 28,710 (1972), and Sections 2.105, 2.700, 2.702, 2.714, 2.714a, 2.717, 2.721, and 2.772(j) of the Commission's Regulations, all as amended, an Atomic Safety and Licensing Board is being established to preside over the following proceeding:

Connecticut Yankee Atomic Power Company Haddam Neck Plant

This Board is being established pursuant to a notice of consideration of issuance of operating license amendments, proposed no significant hazards consideration determination, and opportunity for a hearing published in the **Federal Register** (65 Fed. Reg. 77,913, 77,915 (Dec. 13, 2000)). The proceeding involves petitions for intervention filed on January 10 and January 12, 2001, respectively, by Citizens Awareness Network and the Connecticut Department of Public Utility Controls challenging a license amendment request by Connecticut Yankee Atomic Power Company to add a license condition to the operating license for the Haddam Neck Plant. The amendment would approve the License Termination Plan (LTP), dated July 7, 2000, and allow the licensee to make changes to the approved LTP without prior Nuclear Regulatory Commission approval, provided criteria specified in the license condition are met.

The Board is comprised of the following administrative judges:

Ann Marshall Young, Chair, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001

Dr. Peter S. Lam, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001

Thomas D. Murphy, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001

All correspondence, documents, and other materials shall be filed with the administrative judges in accordance with 10 CFR 2.701.

Issued at Rockville, Maryland, this 31st day of January 2001.

**G. Paul Bollwerk, III,**

*Chief Administrative Judge, Atomic Safety and Licensing Board Panel.*

## NUCLEAR REGULATORY COMMISSION

### Public Workshop to Discuss Nuclear Power Reactor Steam Generator Tube Issues

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of Workshop.

**SUMMARY:** The Nuclear Regulatory Commission (NRC) will host a public workshop to provide an opportunity for discussion of recent events with respect to nuclear power plant steam generators and their implications. The workshop is open to the public.

**DATES:** The workshop will be held on Tuesday, February 27, 2001, from 7:30 a.m. to 5:15 p.m. and Wednesday, February 28, 2001 from 8:00 a.m. to 11:45 a.m.

**ADDRESSES:** Holiday Inn, Bethesda, 8120 Wisconsin Avenue, Bethesda, Maryland 20814. The hotel's telephone number is (301) 652-2000.

**FOR FURTHER INFORMATION CONTACT:** Robert L. Rothman, Mail Stop O-9D3, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone: (301) 415-3306, email [rlr@nrc.gov](mailto:rlr@nrc.gov).

**SUPPLEMENTARY INFORMATION:** All pressurized water reactor licensees are required by NRC regulations to provide reasonable assurance of steam generator tube integrity. These regulations pertain to design, operation and surveillance activities of steam generators and are reflected in the licensing basis of each facility. The surveillance requirements are important to maintaining integrity, since different types of tube degradation are expected to occur over the life of the steam generator. Tubes that are identified as containing defects of a specified depth are removed from service.

In recent years, the NRC staff has examined the regulatory programs which comprise the framework for ensuring the integrity of steam generator tubes. In 1997 the Nuclear Energy Institute proposed NEI 97-06, "Steam Generator Program Guidelines," as a formal industry initiative to provide a consistent industry approach for managing steam generator programs and for maintaining steam generator tube integrity. In 1998, the Commission

approved an approach to work with the industry to more efficiently resolve program concerns and move toward NRC endorsement of NEI 97-06, coupled with voluntary industry implementation of improved steam generator technical specifications.

On February 4, 2000, the Nuclear Energy Institute provided the NRC staff with its proposed steam generator generic change package which was prepared under the Formal Industry initiative NEI 97-06. The staff suspended its review of NEI 97-06 as a result of regulatory activities associated with the Indian Point Unit 2 steam generator tube failure which occurred February 15, 2000. There have been several other activities in the steam generator area in the past year. These activities are discussed in Regulatory Information Summary 2000-22 dated November 3, 2000, and the lessons learned report from the review of the Indian Point Unit 2 steam generator tube failure dated October 23, 2000. These two documents are available on the NRC web site. On December 11, 2000 NEI submitted a revised Industry Steam Generator Program License Change Package and stated in their transmittal letter that the revised package supercedes the earlier version in its entirety. The NRC's Office of Nuclear Reactor Regulation (NRR) sponsored workshop will discuss recent events and their implications with respect to nuclear power plant steam generators. Proposed topics are: steam generator inspection technical issues, steam generator programmatic issues, steam generator tube integrity issues, and steam generator inspection oversight issues.

#### Registration

There is no registration fee for the meeting; however, notification of attendance is requested so that adequate preparations for the meeting can be arranged. Please notify R. L. Rothman at (301) 415-3306, email rlr@nrc.gov, if you plan to attend.

#### Solicitation of Participation by Stakeholders

The NRC staff is soliciting additional stakeholder participation from interested parties on both the technical and regulatory aspects related to the workshop topics. The staff requests that all persons wishing to formally make presentations at the workshop contact R. L. Rothman at (301) 415-3306, email rlr@nrc.gov, no later than February 10, 2001.

Dated at Rockville, MD this 31st day of January 2001.

For the Nuclear Regulatory Commission.

## PRESIDIO TRUST

### Notice of Public Meeting

**AGENCY:** The Presidio Trust.

**ACTION:** Notice of public meeting.

**SUMMARY:** In accordance with § 103(c)(6) of the Presidio Trust Act, 16 U.S.C. 460bb note, Title I of Public Law 104-333, 110 Stat. 4097, and in accordance with the Presidio Trust's bylaws, notice is hereby given that a public meeting of the Presidio Trust Board of Directors will be held from 9:00 a.m. to 11:00 a.m. on Wednesday, February 21, 2001, at the Log Cabin, Storey Avenue, Presidio of San Francisco, California. The Presidio Trust was created by Congress in 1996 to manage approximately eighty percent of the former U.S. Army base known as the Presidio, in San Francisco, California.

The purposes of this meeting are to: (1) Approve the minutes of previous Board meetings; (2) Receive a staff report and take action regarding the proposed Mountain Lake Enhancement Plan; (3) Receive staff reports regarding energy conservation projects, the establishment of a community center, and the "Unseen Treasures" exhibition; and (4) receive public comment in accordance with the Trust's Public Outreach Policy.

**Time:** The meeting will be held from 9:00 a.m. to 11:00 p.m. on Wednesday, February 21, 2001.

**ADDRESSES:** The meeting will be held at the Log Cabin, Storey Avenue, Presidio of San Francisco.

**FOR FURTHER INFORMATION CONTACT:** Craig Middleton, Deputy Director for Operations and Governmental Affairs, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, California 94129-0052, Telephone: (415) 561-5300.

Dated: January 31, 2001.  
**Karen A. Cook,**  
*General Counsel.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-43904; File Nos. SR-CBOE-00-58 and SR-ISE-00-15]

### Self-Regulatory Organizations; Chicago Board Options Exchange, Inc.; International Securities Exchange, LLC; Order Approving Proposed Rule Changes Relating to an Interim Intermarket Linkage

January 30, 2001.

#### I. Introduction

On November 15, 2000, the Chicago Board Options Exchange, Inc. ("CBOE") and the International Securities Exchange LLC ("ISE") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> proposals to adopt rules providing for the implementation of "interim linkages" with other option exchanges. On December 13, 2000, the CBOE and ISE (collectively "Exchanges") each submitted amendments to their rule proposals.<sup>3</sup> On December 19, 2000, the Exchanges' rule proposals were published for comment in the **Federal Register**.<sup>4</sup> The Commission did not receive comments on either the CBOE or the ISE proposals. This order approves the CBOE and the ISE proposed rule changes, as amended.

#### II. Description of the Proposed Rule Changes

The CBOE and ISE propose to implement certain aspects of an intermarket options linkage on an "interim" basis.<sup>5</sup> The Exchanges represent that this interim linkage would utilize existing order types to facilitate the sending and receiving of order flow between CBOE market makers and ISE market makers and their counterparts on the other options exchanges as an interim step towards development of a "permanent" linkage.<sup>6</sup>

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> See letters from Timothy Thompson, Assistant General Counsel, Legal Department, CBOE, and from Michael Simon, Senior Vice President and General Counsel, ISE, to Nancy Sanow, Assistant Director, Division of Market Regulation, Commission, dated December 12, 2000 and December 11, 2000, respectively.

<sup>4</sup> See Securities Exchange Act Release Nos. 43745 (December 19, 2000), 65 FR 82418 (File No. SR-CBOE-0058) and 43743 (December 19, 2000), 65 FR 82426 (File No. SR-ISE-0015).

<sup>5</sup> Under the proposal, the interim linkage would be for a pilot period expiring on January 31, 2002.

<sup>6</sup> On July 28, 2000, the Commission approved a linkage plan that now includes all five options exchanges. See Securities Exchange Act Release Nos. 43086 (July 28, 2000), 65 FR 48023 (August 4,
