Further Revisions to the Clean Water Act Regulatory Definition of “Discharge of Dredged Material”: Delay of Effective Date

AGENCIES: Army Corps of Engineers, Department of the Army, DOD; and Environmental Protection Agency.

ACTION: Final Rule; Delay of Effective Date.

SUPPLEMENTAL INFORMATION: To the extent that 5 U.S.C. 553 applies to this action, it is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. 553(b)(A). Alternatively, the agencies’ implementation of this action without opportunity for public comment, effective immediately upon publication today in the Federal Register, is based on the good cause exceptions in 5 U.S.C. 553(b)(B) and 553(d)(3). Seeking public comment is impracticable, unnecessary and contrary to the public interest. The temporary 60-day delay in effective date is necessary to give EPA and Corps officials the opportunity for further review and consideration of new regulations, consistent with the Assistant to the President’s memorandum of January 20, 2001. Given the imminence of the effective date, seeking prior public comment on this temporary delay would have been impractical, as well as contrary to the public interest in the orderly promulgation and implementation of regulations. The imminence of the effective date is also good cause for making this rule immediately effective upon publication.

Claudia L. Tornblom,
Deputy Assistant Secretary of the Army (Management and Budget), Department of the Army.

Administrator, Environmental Protection Agency.
