2. *Sponsor:* Federal Energy Regulatory Commission.

3. *Control No.:* 1902-0084. The Commission is requesting reinstatement, without change, of the previously approved data collection for which approval expired July 31, 2000, and a three-year approval of the collection of data. This is a mandatory information collection requirement.

The Commission is committed to insuring that refunds owed by pipelines, to their customers are made as expeditiously as possible, in order to hasten their ultimate pass-through to residential customers and other end-users. The data required to be filed for the refund report is specified by 18 Code of Federal Regulations (CFR) 154.501.

February 12, 2001.

Take notice that on February 1, 2001, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit Michigan 48243, filed in Docket No. CP01-79-000, an application, pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Federal Energy Regulatory Commission's Regulations for a certificate of public convenience and necessity authorizing ANR to construct and operate certain pipeline facilities in Wisconsin, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. (Call 202-208-2222 for assistance.)

ANR proposes to construct and operate approximately 222 miles of 20-inch diameter pipeline to serve a proposed gas-fired power plant to be constructed by Badger Generating Company, LLC, in Kenosha County, Wisconsin. The proposed facilities consist of 12.8 miles of pipeline looping ANR's Racine Lateral which extends from ANR's mainline in Racine County, Wisconsin, to Kenosha, Wisconsin, and an additional 9.5 miles of pipeline connecting to the power plant. ANR states that the pipeline will enable ANR to provide gas transportation service to the plant and will have a capacity of up to 210 Mmcf of natural gas per day. ANR explains that the proposed facilities are needed to provide a fuel source to a power generation plant that will meet the growing electric generation requirements of the Midwest. ANR estimates the cost of the proposed facilities at approximately \$19.5 million. ANR requests that the FERC issue a certificate by October 2001, so

that the plant may become operational by the summer of 2003.

Any questions regarding this application should be directed to Richard W. Porter, Assistant Vice President, Rates and Regulatory Affairs, at (313) 496-2473, ANR Pipeline Company, 500 Renaissance Center, Detroit, Michigan 48243.

All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to any proceeding must file a motion to intervene in accordance with the Commission's rules. Beginning November 1, 2000, comments and protests may be filed electronically via the internet in lieu of paper. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing an original and 14 copies with the Commission.

Commenters will not be required to serve copies of filed documents on all other parties. However, Commenters will not receive copies of all documents filed by other parties or issued by the commission, and will not have the right

to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by Commenters or those requesting intervenor status. Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate authority is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.
