

part 24. Specifically, 47 CFR 20.9, paragraphs (a)(6) through (a)(9), and 47 CFR 20.20, paragraph (e) of this section, are amended to use the current names and subpart designations of Public Mobile Services as set forth in 47 CFR part 22. These sections currently refer to these services by previous names and subpart designations. Additionally, 47 CFR 24.133(a) is amended to revise an erroneous reference to another rule section. Currently the rule refers to a “§ 99.132(f)”. However, 47 CFR part 99 no longer exists; the correct reference is to “§ 24.132(f)” (47 CFR 24.132(f)). Because the rule amendments adopted herein are non-substantive, notice and public procedure thereon are found to be unnecessary, pursuant to 5 U.S.C. 553(b)(3)(B), and the required publication may be made less than 30 days prior to the effective date, pursuant to 5 U.S.C. 553(d).

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** This document allots Channel 255A to Hornbrook, California, as that community’s first local aural transmission service in response to a proposal filed on behalf of Logan and Company. See 65 FR 33799, May 25, 2000. This document also holds that two amended applications for Channel 254C1 at Keno, Oregon, cannot be considered in this proceeding because the applicants were not eligible to file an application for Channel 254C1 by the counterproposal deadline in this proceeding. Coordinates used for Channel 255A at Hornbrook, are those of a restricted site located 3.7 kilometers (2.3 miles) southwest of the community at 41–53–06 NL and 122–35–03 WL.

**DATES:** Effective March 26, 2001. A filing window for Channel 255A at Hornbrook, California, will not be opened at this time. Instead, the issue of opening this allotment for auction will be addressed by the Commission in a subsequent Order.

**ACTION:** Interim final rule; correction.

**SUMMARY:** This rule makes an editorial correction to the preamble of the recently published interim final rule amending the Department of Transportation’s regulations concerning accessibility of over-the-road buses (OTRBs). The interim final rule was published in the **Federal Register** on Tuesday, February 6, 2001 (66 FR 9048)

and becomes effective on March 8, 2001. Written comments on the interim final rule must be submitted on or before March 8, 2001. The interim final rule may be changed in light of the comments received.

**EFFECTIVE DATE:** February 21, 2001.

**FOR FURTHER INFORMATION CONTACT:** Blane A. Workie, Office of the General Counsel, C-50, (202) 366-4723, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590.

**SUPPLEMENTARY INFORMATION:** The interim final rule amending 49 CFR part 37, erroneously asks whether the Department should “propose requiring acquisition of accessible buses in some situations where on-call service is not permitted”? Instead, the question should have been whether the Department should “propose requiring acquisition of accessible buses in some situations where on-call service is now permitted”? This correction notice is to rectify this typographical mistake.

Issued in Washington, DC, this 9th day of February, 2001 under authority delegated to me by 49 CFR 1.57(l).

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 010112013-1013-01; I.D. 021301C]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 of the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is prohibiting directed fishing for pollock in Statistical Area 630 outside the Shelikof Strait conservation area in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season allowance of the pollock total allowable catch (TAC) for Statistical Area 630 outside the Shelikof Strait conservation area.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), February 14, 2001, until 1200 hrs, A.l.t., March 15, 2001.

**FOR FURTHER INFORMATION CONTACT:** Andrew Smoker, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season allowance of the pollock TAC in Statistical Area 630 outside the Shelikof Strait conservation area is 5,474 metric tons (mt) as established by the Final 2001 Harvest Specifications and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the A season allowance of the pollock TAC in Statistical Area 630 outside the Shelikof Strait conservation area will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 4,874 mt, and is setting aside the remaining 600 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional

Administrator finds that this directed fishing allowance will soon be reached. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 630 outside the Shelikof Strait conservation area in the GOA.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to prevent exceeding the amount of the 2001 A season pollock TAC specified for Statistical Area 630 outside the Shelikof Strait conservation area in the GOA constitutes good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to prevent exceeding the 2001 A season pollock TAC specified for Statistical Area 630 outside the Shelikof Strait conservation area constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by 50 CFR 679.20 and is exempt from review under Executive Order 12866.
