

reviews but covered in the original investigation of sales at LTFV or a previous review, the cash deposit will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 9.86 percent, the "all others" rate established in the LTFV investigation (64 FR 15476, March 31, 1999).

These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review. This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR § 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and (a)(2)(B) of the Act (19 USC 1675(a)) and 19 CFR §§ 351.213. Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Background

This investigation was initiated on July 18, 2000. *See Initiation of Antidumping Duty Investigations: Steel Concrete Reinforcing Bars from Austria, Belarus, Indonesia, Japan, Latvia, Moldova, the People's Republic of China, Poland, the Republic of Korea, the Russian Federation, Ukraine and Venezuela*, 65 FR 45754 (July 25, 2000). The period of investigation (POI) is October 1, 1999 through March 31, 2000. On January 30, 2001, the Department published the notice of preliminary determination. *See Notice of Preliminary Determination of Sales at Less than Fair Value: Steel Concrete Reinforcing Bars from Moldova*, 66 FR 8338 (January 30, 2001).

Postponement of Final Determination

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. The Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months.

On February 1, 2001, JV CJSC Moldova Steel Works (MSW), the respondent in this investigation, requested that the Department extend the final determination for the maximum statutory period of 135 days after the publication of the preliminary determination. MSW also requested that the Department extend the imposition of

provisional measures from a four-month period to not more than six months. Accordingly, since we have made an affirmative preliminary determination, and MSW is the sole producer of the subject merchandise in Moldova, we have postponed the final determination until not later than 135 days after the date of publication of the preliminary determination or June 14, 2001.

This notice is published in accordance with section 735(a)(2) of the Act. Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of Assistant Secretary for Import Administration.
