

SBA is looking for applications that include innovative and creative approaches to address the Drug-Free Workplace Act of 1998. The grants should be viewed as an opportunity to develop a community-wide collaborative effort in which a plan for a system of action aimed at reducing drug abuse in small businesses can serve as a national demonstration model.

SBA will select successful applicants through a competitive process. Evaluation criteria will be included in the program announcement. The successful applicants will receive a 12-month grant award to provide financial and technical assistance to small businesses seeking to implement drug-free workplace programs.

DATES: SBA will mail the program announcement to interested parties in mid-March 2001. The closing date will be 30 days later. SBA Headquarters must receive the applications/proposals by the date and time that will be specified in the program announcement. Interested parties may also view the Program Announcement, minus attachments, online at: <http://www.sba.gov/news/drugfree>.

This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Vessel Proposed for Waiver of the U.S.-Build Requirement

(1) Name of vessel and owner for which waiver is requested. Name of vessel: *Andante*. Owner: Jeffrey W. Lippitt and Jeannette L. Lippitt.

(2) Size, capacity and tonnage of vessel. According to the applicant: "Length 37.9 feet; Breadth 12.3 feet; Depth 6.0 feet; Gross Tonnage 13; Net Tonnage 12."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "The Vessel will be used part-time to provide sailboat rides, sailing vacations and sailing lessons to small groups of 12 passengers or less.

We are planning to dock the Vessel in Greenport, New York for the next two years and then we will be spending a year doing coastal cruising on the U.S. east coast and we would like to be able to generate income during that time to cover some of our expenses. In the future, we are planning to move the Vessel to Lake George, near our home. East Coast of the United States from Maine to Florida Lake George, New York."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1979. Place of construction: Republic of China.

(5) A statement on the impact this waiver will have on other commercial

passenger vessel operators. According to the applicant: "We are aiming at the low volume, high-end market. Our primary means of advertising will be on the internet and word of mouth. We are both employed full-time in non-boating related jobs and we will continue in them."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "Our mission is to introduce people to the joys of sailing and to teach them the sailing and boating skills necessary to become responsible boat owners. I expect that some of these people will become interested in purchasing sailboats in the range of 18 to 30 feet. It would be speculative however, to project how many actual boat sales will result from our business."

Dated: February 26, 2001.

By Order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.
