BILLING CODE 4310-05-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 938

[PA-133-FOR]

Pennsylvania Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing.

SUMMARY: OSM is announcing receipt of a proposed amendment to the Pennsylvania regulatory program (Pennsylvania program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The proposed amendment references Pennsylvania's anthracite coal mining regulations when describing conditions for meeting Stage 2 bond release where prime farmlands were present prior to mining. The amendment is intended to satisfy the conditions of the required regulatory program amendment at 30 CFR 938.16(p) and make the Pennsylvania program consistent with the corresponding federal regulations.

DATES: If you submit written comments, they must be received by 4:00 p.m. (local time), April 4, 2001. If requested, a public hearing on the proposed amendment will be held on March 30, 2001. Requests to speak at the hearing must be received by 4:00 p.m. (local time), on March 20, 2001.

ADDRESSES: Mail or hand-deliver your written comments and requests to speak

at the hearing to Mr. Robert J. Biggi, at the address listed below.

You may review copies of the Pennsylvania program, the proposed amendment, a listing of any scheduled public hearings, and all written comments received in response to this document at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the proposed amendment by contacting OSM's Harrisburg Field Office.

Robert J. Biggi, Director, Office of Surface Mining Reclamation and Enforcement, Harrisburg Field Office, Harrisburg Transportation Center, Third Floor, Suite 3C, 4th and Market Streets, Harrisburg, Pennsylvania 17101, Telephone: (717) 782-4036, e-mail: bbiggi@osmre.gov.
 Pennsylvania Department of Environmental Protection, Bureau of Mining and Reclamation, Rachel Carson State Office Building, P.O. Box 8461, Harrisburg, Pennsylvania 17105-8461, Telephone: (717) 787-5103.

FOR FURTHER INFORMATION CONTACT:

Robert J. Biggi, Director, Harrisburg Field Office, Telephone: (717) 782-4036.

SUPPLEMENTARY INFORMATION:

I. Background on the Pennsylvania Program

On July 31, 1982, the Secretary of the Interior conditionally approved the Pennsylvania program. You can find background information on the Pennsylvania program, including the Secretary's findings, the disposition of comments, and the conditions of the approval in the July 31, 1982, **Federal Register** (47 FR 33050). You can find subsequent actions concerning the conditions of approval and program amendments at 30 CFR 938.11, 938.12, 938.15 and 938.16.

II. Description of the Proposed Amendment

By letter dated January 3, 2001, (Administrative Record No. PA-875.00), Pennsylvania submitted a proposed amendment to its program at 25 PA Code 86.174(b)(3). The full text of this section as proposed is:

If prime farmlands are present, the soil productivity has been returned to the required level when compared with nonmined prime farmland in the surrounding area, to be determined from the soil survey performed under the reclamation plan approved in Chapters 87-90.

This amendment was submitted to satisfy a required regulatory program amendment at 30 CFR 938.16(p). The

Director required this amendment in the May 31, 1991, **Federal Register** (56 FR 24687) as our review of Pennsylvania's proposed amendment submitted on December 22, 1989 (Administrative Record Number PA 790.00) showed that Pennsylvania had inadvertently omitted the cross reference to Chapter 88 in section 86.174(b)(3) dealing with prime farmlands. If prime farmlands are present, the soil productivity must be returned to the required level of yield when compared with nonmined prime farmland in the surrounding area as determined from the soil survey performed under the approved reclamation plan prior to approval for Stage II bond release. Through the required amendment, Pennsylvania was to amend its program to include the omitted cross reference to Chapter 88. In the current amendment, Pennsylvania believes it addressed the omitted cross reference by inserting the reference to Chapters 87-90 at 25 Pa Code 86.174(b)(3).

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Pennsylvania program.

Written Comments: If you submit written or electronic comments on the proposed rule during the 30-day comment period, they should be specific, should be confined to issues pertinent to the notice, and should explain the reason for your recommendation(s). We may not be able to consider or include in the Administrative Record comments delivered to an address other than the one listed above (see **ADDRESSES**).

Electronic Comments: Please submit Internet comments as an ASCII, WordPerfect, or Word file avoiding the use of special characters and any form of encryption. Please also include "Attn: SPATS NO. PA-133-FOR" and your name and return address in your Internet message. If you do not receive a confirmation that we have received your Internet message, contact the Harrisburg Field Office at (717) 782-4036.

Availability of Comments: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours at the OSM Administrative Record Room (see **ADDRESSES**). Individual respondents may request that we withhold their home address from the rulemaking

record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Public Hearing: If you wish to speak at the public hearing, you should contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m. (local time), on March 20, 2001. The location and time of the hearing will be arranged with those persons requesting the hearing. If no one requests an opportunity to speak at the public hearing, the hearing will not be held.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who testifies at a public hearing provide us with a written copy of his or her testimony. The public hearing will continue on the specified date until all persons scheduled to speak have been heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after all persons scheduled to speak and persons present in the audience who wish to speak have been heard.

Any disabled individual who has need for a special accommodation to attend a public hearing should contact the individual listed under **FOR FURTHER INFORMATION CONTACT**.

Public Meeting: If only one person requests an opportunity to speak at a hearing, a public meeting, rather than a public hearing, may be held. If you wish to meet with OSM representatives to discuss the proposed amendment, you may request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings will be open to the public and, if possible, notices of meetings will be posted at the locations listed under **ADDRESSES**. A written summary of each meeting will be made a part of the Administrative Record.

Procedural Determinations

Executive Order 12866—Regulatory Planning and Review

This rule is exempted from review by the Office of Management and Budget under Executive Order 12866.

Executive Order 12630—Takings

This rule does not have takings implications. This determination is based on the analysis performed for the counterpart federal regulation.

Executive Order 13132—Federalism

This rule does not have federalism implications. SMCRA delineates the roles of the federal and state governments with regard to the regulation of surface coal mining and reclamation operations. One of the purposes of SMCRA is to "establish a nationwide program to protect society and the environment from the adverse effects of surface coal mining operations." Section 503(a)(1) of SMCRA requires that state laws regulating surface coal mining and reclamation operations be "in accordance with" the requirements of SMCRA, and section 503(a)(7) requires that state programs contain rules and regulations "consistent with" regulations issued by the Secretary pursuant to SMCRA.

Executive Order 12988—Civil Justice Reform

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of state regulatory programs and program amendments since each such program is drafted and promulgated by a specific state, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed state regulatory programs and program amendments submitted by the states must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

Section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that a decision on a proposed state regulatory program provision does not constitute a major federal action within the meaning of

section 102(2)(C) of the National Environmental Policy Act (NEPA) (42 U.S.C. 4332(2)(C)). A determination has been made that such decisions are categorically excluded from the NEPA process (516 DM 8.4.A).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The state submittal which is the subject of this rule is based upon counterpart federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the state. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart federal regulation.

Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- a. Does not have an annual effect on the economy of \$100 million.
 - b. Will not cause a major increase in costs or prices for consumers, individual industries, federal, state, or local government agencies, or geographic regions.
 - c. Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S. based enterprises to compete with foreign-based enterprises.
- This determination is based upon the fact that the state submittal which is the subject of this rule is based upon counterpart federal regulations for which an analysis was prepared and a determination made that the federal regulation was not considered a major rule.

Unfunded Mandates

This rule will not impose a cost of \$100 million or more in any given year

on any governmental entity or the private sector.

BILLING CODE 4310-05-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 51

[CC Docket No. 96-98; DA 01-501]

Common Carrier Bureau Grants Motion for Limited Extension of Time for Filing Comments and Reply Comments on the Use of Unbundled Network Elements To Provide Exchange Access Service

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission issued a public notice granting a limited extension of time for filing comments and reply comments on issues raised in conjunction with the use of unbundled network elements to provide exchange access service.

DATES: Comments are due April 5, 2001 and reply comments are due April 30, 2001.

FOR FURTHER INFORMATION CONTACT:

Jodie Donovan-May or Tom Navin, Attorney Advisors, Policy and Program Planning Division, Common Carrier Bureau, (202) 418-1580.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice regarding CC Docket No. 96-98, released on February 23, 2001. The complete text of this document is available for inspection and copying during normal business hours in the FCC Reference Information Center, Courtyard Level, 445 12th Street, SW., Washington, DC, and also may be purchased from the Commission's copy contractor, International Transcription Services (ITS, Inc.), CY-B400, 445 12th Street, SW., Washington, DC. It is also available on the Commission's website at <http://www.fcc.gov>.

Synopsis of Public Notice

1. On January 24, 2001, the Commission released a Public Notice in CC Docket No. 96-98 inviting comment on issues raised in conjunction with the

use of unbundled network elements to provide exchange access service. Based on publication of the Public Notice in the **Federal Register** (66 FR 8555) parties were required to file comments on March 5, 2001 and reply comments on March 19, 2001. On February 22, 2001, BellSouth, SBC, Qwest and Verizon (Movants) filed a motion to extend the dates for filing comments to April 5, 2001 and reply comments to April 30, 2001 in order to submit joint factual data and economic analysis addressing alternatives to incumbent facilities and the degree to which carriers are using those alternatives. They also state that an extension is necessary to account for substantial market developments over the last year, and that an extension will speed resolution of this proceeding by avoiding piecemeal submissions of data and arguments.

2. Although requests for extension of time are not routinely granted, in this instance, the Commission finds that the Movants have shown good cause for an extension of time in this proceeding. This matter shall continue to be treated as a "permit-but disclose" proceeding in accordance with the Commission's *ex parte* rules. All other requirements discussed in the January 24, 2001 Public Notice remain in effect.

Federal Communications Commission.

Michelle Carey,

Chief, Policy and Program Planning Division, Common Carrier Bureau.

BILLING CODE 6712-01-U

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Parts 600 and 648

[Docket No. 010220043-1043-01; I.D. 120400D]

RIN 0648-AN65

Foreign Fishing and Fisheries of the Northeastern United States; Proposed 2001 Specifications for the Atlantic Herring Fishery and Foreign Fishing Restrictions

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed 2001 specifications for the Atlantic herring fishery; request for comments.

SUMMARY: NMFS proposes specifications for the 2001 Atlantic herring fishery.

The intent of the specifications is to conserve and manage the herring resource and provide for sustainable fisheries, and to comply with the provisions in the Fishery Management Plan for Atlantic Herring (FMP), which require annual specifications for the fishery.

DATES: Comments must be received no later than 5 p.m., Eastern Standard Time, on April 4, 2001.

ADDRESSES: Copies of supporting documents, including the Environmental Assessment, Regulatory Impact Review, Initial Regulatory Flexibility Analysis (EA/RIR/IRFA), and the Essential Fish Habitat Assessment are available from Patricia A. Kurkul, Regional Administrator, Northeast Region, National Marine Fisheries Service, One Blackburn Drive, Gloucester, MA 01930-2298. The EA/RIR/IRFA is accessible via the Internet at <http://www.nero.gov/ro/doc/nr.htm>.

Written comments on the proposed specifications should be sent to the Regional Administrator at the above address. Mark on the outside of the envelope: "Comments-2001 Herring Specifications." Send comments on any ambiguity or unnecessary complexity arising from the language used in these proposed specifications to the Regional Administrator. Comments may also be sent via facsimile (fax) to (978) 281-9371. Comments will not be accepted if submitted via e-mail or the Internet.

FOR FURTHER INFORMATION CONTACT:

Myles Raizin, Fishery Policy Analyst, (978) 281-9104, e-mail at M.A.Raizin@noaa.gov, fax at (978) 281-9135.

SUPPLEMENTARY INFORMATION:

Regulations implementing the FMP appear at 50 CFR part 648, subpart K. Regulations governing foreign fishing appear at 50 CFR part 600, subpart F. The FMP requires the New England Fishery Management Council's (Council) Atlantic Herring Plan Development Team (PDT) to meet at least annually, no later than July each year, with the Atlantic States Marine Fisheries Commission's (Commission) Atlantic Herring Plan Review Team (PRT) to develop and recommend the following specifications for consideration by the Council's Atlantic Herring Oversight Committee: Allowable biological catch (ABC), optimum yield (OY), domestic annual harvest (DAH), domestic annual processing (DAP), total foreign processing (JVpt), joint venture processing (JVP), internal waters processing (IWP), U.S. at-sea processing (USAP), border transfer (BT), total allowable level of foreign fishing
