

regulatory compliance problems, and existing environmental contamination;

3. A description of the storage building, if pre-existing, including date and type of construction including any special features which provide protection against leaks and external environmental hazards, fire suppression system, access control system, current activities and materials in storage, current tenants, and existing environmental contamination;

4. Equipment, materials, and labor required to upgrade or construct the facility to accept long term mercury storage;

5. Environmental and health and safety approvals required;

6. Estimated cost, including construction, operations, and decontamination. Include a description of the basis for the estimate, and any assumptions; and

7. Proposed schedule for providing a consolidation facility meeting the above requirements.

Expression of Interest Format: The length of the Expression of Interest should be no more than 30 pages using 12-point font. While the responder may determine how best to use the 30 pages, we recommend the following format: SECTION 1—Summary; SECTION 2—Description of Location with specific reference to the items requested by DNSC above; SECTION 3—Qualifications and experience of respondents in mercury storage operations or operations of similar complexity. When describing similar work that has been performed, include the name of the organization, contract number if applicable, and name and telephone number of the organization's point of contact and contracting officer.

Proprietary Information: If the Expression of Interest contains information that is privileged or confidential and which the respondent does not want disclosed to the public or used by the Federal Government for any purpose other than this Notice, the respondent should place the following notice on the Expression of Interest. "Notice: Data contained in these pages of this Expression of Interest have been submitted in confidence and contain trade secrets or commercial or financial information that is confidential or privileged, and such data should be used or disclosed only for purposes of consideration of this Expression of Interest. This restriction does not limit the Government's right to use or disclose data obtained without restriction from any source, including the respondent." The respondent should mark the pages that are considered "Proprietary Information".

Submission: Agencies wishing to make an Expression of Interest should do so in writing by April 30, 2001, to ensure their consideration. Each submittal should consist of an original and three photocopies, and be mailed to Project Manager, Mercury Management EIS; DNSC-E; Defense Logistics Agency; Defense National Stockpile Center, 8725 John J. Kingman Road, Suite 4616, Fort Belvoir, VA 22060-6223. DNSC will not consider attachments or appendices. Respondents may submit questions within 20 business days of this notice being published. Questions may be submitted by e-mail to dennis_lynch@hq.dla.mil or by fax to (703) 767-5411. Responses to questions will be posted on the Mercury Management EIS web site at www.mercuryeis.com. DNSC is under no obligation to pay for any costs associated with the preparation or submission of Expressions of Interest in response to this Notice. DNSC reserves the right to respond or not respond to any portion, all, or none of the Expressions of Interest submitted in response to this Notice.

Issued in Fort Belvoir, VA., on this 21st day of February, 2001.

Richard Connelly,

Administrator, Defense National Stockpile Center.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Sunshine Act Meeting

Pursuant to the provision of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given of the Defense Nuclear Facilities Safety Board's (Board) meeting described below.

TIME AND DATE OF MEETING: 9:00 a.m., March 28, 2001.

PLACE: The Defense Nuclear Facilities Safety Board, Public Hearing Room, 625 Indiana Avenue, NW, Suite 300, Washington, DC 20004.

STATUS: Open.

MATTERS TO BE CONSIDERED: The Department of Energy (DOE) requires contractors at defense nuclear facilities to develop and implement quality assurance programs to ensure the requisite quality of operations, products, and services. Activities required to be conducted under established quality assurance programs extend from scientific studies, to the design of new facilities, operations of facilities, and deactivation of defense nuclear facilities

and directly affect safety-related systems and operations. Notwithstanding contract and rule requirements concerning quality assurance, there is evidence that quality assurance programs at defense nuclear facilities are not consistently achieving their quality objectives.

The Defense Nuclear Facilities Safety Board (Board) intends to hold a series of open meetings on the topic of quality assurance within the DOE nuclear defense activities. Board inquiries will address (1) the current framework of DOE quality assurance programs relative to industry standards, and (2) results of DOE assessments of contractor implementation of quality assurance requirements.

CONTACT PERSON FOR MORE INFORMATION: Richard A. Azzaro, General Counsel, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW, Suite 700, Washington, DC 20004, (800) 788-4016. This is a toll-free number.

SUPPLEMENTARY INFORMATION: The Defense Nuclear Facilities Safety Board reserves its right to further schedule and otherwise regulate the course of this meeting, to recess, reconvene, postpone or adjourn the meeting, and otherwise exercise its authority under the Atomic Energy Act of 1954, as amended.

Dated: March 1, 2001.

John T. Conway,
Chairman.
