This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities

(or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2001 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA

Purpose: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Prevention (CSAP) announces the availability of Fiscal year 2001 funds for cooperative agreements for implementing State Incentive Grant (SIG) Programs. This program calls for governors to develop and implement a comprehensive statewide substance abuse prevention strategy to optimize the use of all State and Federal substance abuse prevention funding streams and resources including: the 20 percent primary prevention set-aside from the SAPT Block Grant, the funds from this SIG program, and the additional financial support from

Federal agencies, States, and communities. The Sig program has three goals: (1) Coordination of funding; (2) development of a comprehensive prevention State system; and (3) assistance to States in measuring progress in reducing substance use by establishing targets for measure included in the National Household Survey on Drug Abuse.

Eligibility: Offices of the Governor for states and territories that currently receive the Substance Abuse Prevention and Treatment Block grant may apply. Eligible applicants are limited to: Governor of a state or territory; President of a territory that has a President; and the Chairman of the Tribal Council of the Red Lake Band of Chippewa. If you have received a SIG in FY 1997, 1998, 1999, or 2000 you may not apply.

Availability of Funds: Approximately \$28 million will be available for 8–12 awards. The average award will be approximately \$3 million per year in total costs (direct and indirect), with awards ranging from \$2 million to \$5 million. Actual funding levels will depend on the availability of funds, state population, problems identified in the National Household Survey on Drug Abuse and other factors.

Period of Support: Awards may be requested for up to 3 years. Annual continuation awards during this 3–year cycle will depend on the availability of funds and progress achieved by grantees.

Criteria for Review and Funding:
General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications: Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.
