Postponement

On January 17, 2001, the Department initiated the countervailing duty investigation of stainless steel bar from Italy. See *Notice of Initiation of Countervailing Duty Investigation: Stainless Steel Bar from Italy*, 66 FR 7739 (January 25, 2001). Currently, the preliminary determination must be issued by March 23, 2001.

On February 23, 2001, the petitioners made a timely request pursuant to section 703(c)(1)(A) of the Act and 19 CFR 351.205(e) of the Department's regulations for a postponement of the preliminary determination. The petitioners requested a postponement until May 29, 2001 in order to allow time for the petitioners to submit comments regarding the respondents' questionnaire responses and to allow time for the Department to analyze these responses.

The petitioners' request for the postponement was timely, and the Department finds no compelling reason to deny the request. Therefore, pursuant to 703(c) of the Act and 19 CFR 351.205(b)(2), the Department is postponing the preliminary determination until no later than May 29, 2001.

We are issuing and publishing this notice in accordance with sections 703(c)(2) and 777(i)(1) of the Act.

SUPPLEMENTARY INFORMATION:

Authority: Section 112(b)(5)(B) of the AGOA, Section 1 of Executive Order No. 13191 of January 17, 2001.

Background

The AGOA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States or a beneficiary country. The AGOA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary sub-Saharan African countries from fabric or yarn that is not formed in the United States or a beneficiary sub-Saharan African country, if it has been determined that such fabric or yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner and the President has proclaimed such treatment. In Executive Order No. 13191, the President has delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests (66 FR 13502).

On March 1, 2001, the Chairman of CITA received a petition from Esquel

Enterprises Limited of Hong Kong and Textile Industries Limited in Mauritius alleging that certain fabrics, listed above, for use in blouses and nightwear, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that the President proclaim quota- and duty-free treatment under the AGOA for such apparel articles that are cut and sewn in one or more beneficiary sub-Saharan African countries from such fabrics.

CITA is soliciting public comments regarding this request, particularly with respect to whether such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabrics for the purposes of the intended use. Comments must be received no later than March 23, 2001. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, Room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarn or fabric stating that it produces the fabric that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure for the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230.
