AGENCY: Bureau of Land Management.

ACTION: Notice of intent to participate in a multi-jurisdictional land-use planning effort, with environmental impact analysis, for the Coast Dairies Property, Santa Cruz County, California, and prepare an amendment to the Hollister Resource Management Plan.

SUMMARY: The U.S. Department of the Interior's Bureau of Land Management (BLM) provides formal notice that it will participate in a multi-jurisdictional land-use planning effort with the California Department of Parks and Recreation (DPR) and the Trust for Public Land (TPL), a California non-profit public corporation. The planning effort is being conducted by the TPL for the Coast Dairies Property located in northern Santa Cruz County, California. As part of this planning effort, the BLM will prepare an amendment to the Hollister Resource Management Plan (RMP). The RMP amendment will be conducted in order to assess the feasibility of transferring part or all of the property to BLM, or BLM and DPR, for joint management between BLM and DPR, and to include the implementation of the final planning decision, if appropriate, under the Hollister RMP. This planning effort will include the preparation of a companion environmental impact analysis. This notice also announces the first public scoping meeting associated with the planning effort and that subsequent meetings will be held.

DATES: A scoping meeting will be held beginning at 10 a.m., on March 10, 2001, at the Loudon Nelson Community

Center Auditorium, 301 Center Street, Santa Cruz, California. Written comments will be accepted on topics related to the scoping meeting until April 10, 2001. Subsequent meetings will be announced in regional and local news media and the webpages listed below, as these dates are established. At this time, the draft plan and the BLM's draft Hollister RMP amendment are anticipated to be available for public review and comment in summer 2002, and the final plan and proposed Hollister RMP amendment will be completed by winter 2002. It is anticipated that notice of a Record of Decision and the final Hollister RMP amendment will be published in the **Federal Register** in winter 2002/2003.

ADDRESSES: Comments should be sent to the Field Manager, USDI Bureau of Land Management, 20 Hamilton Court, Hollister, CA 95023, ATTN: Coast Dairies Planning Project

FOR FURTHER INFORMATION CONTACT: Rick Hanks, BLM, at (831) 630-5036.

SUPPLEMENTARY INFORMATION: The Bureau of Land Management and the California Department of Parks and Recreation intend to cooperate and collaborate with the Trust for Public Land in a land-use planning effort that will result in the development of the Long-Term Resource Protection and Use Plan (plan) for the Coast Dairies Property. The Coast Dairies Property (property) is approximately 7,000 acres located in northern Santa Cruz County, California. The property is currently held by the Coast Dairies & Land Co. (CDLC), which in turn is owned by TPL. The purpose of the plan is to assess the value of the natural, cultural, and social resource attributes and develop management strategies that can best balance and protect the identified values.

TPL is now developing a Long-Term Resource Protection and Use Plan for the Coast Dairies property. It is the intent of this planning effort that, upon successful completion of the plan and the planning process, the property would be transferred to BLM and DPR for joint long-term stewardship for the benefit of the American people, provided that the completed plan is consistent with the laws and authorities of each of the two public agencies. This cooperative undertaking provides the opportunity for the two public agencies, BLM and DPR, to be involved from the beginning with the planning effort associated with a unique parcel of private land. BLM will prepare an amendment to the Hollister RMP in order to ensure that the Long-Term Resource Protection and Use Plan
