

when the vessel departs the terminal and continues through the area described in paragraph (a) of this section.

(d) All vessels over 5000 gross tons intending to pass LPG vessels moored in Port Sutton, and all vessels intending to pass LPG vessels moored in Rattlesnake, must give 30 minutes notice to the LPG vessel so it may take appropriate safety precautions.

(e) The general regulations governing safety zones contained in § 165.23 apply.

(f) The Coast Guard Captain of the Port Tampa will notify the maritime community of periods during which these safety zones will be in effect by providing advance notice of scheduled arrivals and departures of loaded LPG vessels via a marine broadcast Notice to Mariners.

(g) Should the actual time of entry of the LPG vessel into the safety zone vary more than one half (½) hour from the scheduled time stated in the broadcast Notice to Mariners, the person directing the movement of the LPG vessel shall obtain permission from Captain of the Port Tampa before commencing the transit.

(h) Prior to commencing the movement, the person directing the movement of the LPG vessel shall make a security broadcast to advise mariners of the intended transit. All additional security broadcasts as recommended by the U.S. Coast Pilot 5, ATLANTIC COAST, shall be made throughout the transit.

(i) Vessels carrying LPG are permitted to enter and transit Tampa Bay and Hillsborough Bay and approaches only with a minimum of three miles visibility.

(j) The Captain of the Port Tampa may waive any of the requirements of this subpart for any vessel upon finding that the vessel or class of vessel, operational conditions, or other circumstances are such that application of this subpart is unnecessary or impractical for purposes of port safety or environmental safety.

(k) The owner, master, agent or person in charge of a vessel or barge, loaded with LPG shall report, at a minimum, the following information to the Captain of the Port Tampa at least twenty-four (24) hours before entering Tampa Bay, its approaches, or departing Tampa Bay:

- (1) The name and country of registry of the vessel or barge;
- (2) The name of the port or place of departure;
- (3) The name of the port or place of destination;
- (4) The estimated time that the vessel is expected to begin its transit of Tampa Bay and the time it is expected to

commence its transit of the safety zone(s); and

- (5) The cargo carried and amount.

Dated: February 6, 2001.

A.L. Thompson, Jr.,

Captain, U.S. Coast Guard, Captain of the Port, Tampa, Florida.

BILLING CODE 4910-15-P

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 165

[CGD01-01-026]

RIN 2115-AA97

Safety Zone: Fireworks Display, East River, New York, NY

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for a fireworks display located on the East River. This action is necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in a portion of the East River.

DATES: This rule is effective from 9 p.m. (e.s.t.) until 10:30 p.m. (e.s.t.) on March 10, 2001. There is no rain date for this event.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket (CGD01-01-026) and are available for inspection or copying at Coast Guard Activities New York, 212 Coast Guard Drive, room 204, Staten Island, New York 10305, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lieutenant M. Day, Waterways Oversight Branch, Coast Guard Activities New York (718) 354-4012.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(8), the Coast Guard finds that good cause exists for not publishing an NPRM. Good cause exists for not publishing an NPRM due to the date the Application for Approval of Marine Event was received, there was insufficient time to draft and publish an NPRM. Further, it is a local event with minimal impact on the waterway, vessels may still transit through the eastern 75 yards and the western 480 yards of the 915-yard wide

East River during the event, the zone is only in effect for 1½ hours and vessels can be given permission to transit the zone except for about 20 minutes during this time. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone. Any delay encountered in this regulation's effective date would be unnecessary and contrary to public interest since immediate action is needed to close a portion of the waterway and protect the maritime public from the hazards associated with this fireworks display.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This is due to the following reasons: it is a local event with minimal impact on the waterway, vessels may still transit through the eastern 75 yards and the western 480 yards of the 915-yard wide East River during the event, the zone is only in effect for 1½ hours and vessels can be given permission to transit the zone except for about 20 minutes during this time. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone.

Background and Purpose

The Coast Guard has received an application to hold a fireworks program on the waters of the East River. This regulation establishes a safety zone in all waters of the East River within a 180-yard radius of the fireworks barge in approximate position 40°44'26.5"N 073°57'53.9"W (NAD 1983), about 305 yards southeast of Roosevelt Island Reef Lighted Buoy B (LLNR 27305). The safety zone is in effect from 9 p.m. (e.s.t.) until 10:30 p.m. (e.s.t.) on Saturday, March 10, 2001. There is no rain date for this event. The safety zone prevents vessels from transiting a portion of the East River and is needed to protect boaters from the hazards associated with fireworks launched from a barge in the area. Marine traffic will still be able to transit through the eastern 75 yards and the western 480 yards of the 915-yard wide East River during this event. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone. Public notifications will be made prior to the event via the Local Notice to Mariners and Marine Information Broadcasts.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

The Coast Guard expects the economic impact of this final rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. This finding is based on the minimal time that vessels will be restricted from the zone, that vessels may still transit through the eastern 75 yards and western 480 yards of the 915-yard wide East River during the event, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone, and advance notifications which will be made.

The size of this safety zone was determined using National Fire Protection Association and New York City Fire Department standards for 6” mortars fired from a barge combined with the Coast Guard’s knowledge of tide and current conditions in the area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in a portion of the East River during the times this zone is activated.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. It is a local event with minimal impact on the waterway, vessels may still transit through the eastern 75 yards and western 480 yards of the 915-yard wide East River during

the event, the zone is only in effect for 1½ hours and vessels can be given permission to transit the zone except for about 20 minutes during this time. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone. Before the effective period, public notifications will be made via Local Notice to Mariners and Marine Information Broadcasts, which are widely available to users of the river.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government’s having first provided the funds to pay those unfunded mandate costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this rule and

concluded that under figure 2–1, paragraph 34(g), of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation. This rule fits paragraph 34(g) as it establishes a safety zone. A “Categorical Exclusion Determination” is available in the docket for inspection or copying where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

Regulation

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, 160.5; 49 CFR 1.46.

2. Add temporary § 165.T01–026 to read as follows:

§ 165.T01–026 Safety Zone: Fireworks Display, East River, New York, NY.

(a) *Location.* The following area is a safety zone: All waters of the East River within a 180-yard radius of the fireworks barge in approximate position 40°44′26.5″N 073°57′53.9″W (NAD 1983), about 305 yards southeast of Roosevelt Island Reef Lighted Buoy B (LLNR 27305).

(b) *Effective period.* This section is effective from 9 p.m. (e.s.t.) until 10:30 p.m. (e.s.t.) on March 10, 2001. There is no rain date for this event.

(c) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene-patrol personnel. These personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed.

Dated: March 1, 2001.

P.A. Harris,

Captain, U.S. Coast Guard, Captain of the Port, New York, Acting.
