

DEPARTMENT OF AGRICULTURE**Rural Housing Service****Housing Demonstration Program**

AGENCY: Rural Housing Service, United States Department of Agriculture (USDA).

ACTION: Notice of fund availability for the Rural Housing Demonstration Program.

SUMMARY: The Rural Housing Service (RHS) announces the availability of housing funds for fiscal year (FY) 2001 for the Rural Housing Demonstration Program. For FY 2001, RHS has set aside \$3 million for the Innovative Demonstration Initiatives and is soliciting proposals for a Housing Demonstration program under section 506(b) of title V of the Housing Act of 1949. Under section 506(b), RHS may provide loans for innovative housing units and systems which do not meet existing published standards, rules, regulations, or policies. The intended effect is to increase the availability of affordable Rural Housing (RH) for low-income families through innovative designs and systems.

EFFECTIVE DATE: March 16, 2001.

FOR FURTHER INFORMATION CONTACT:

Gloria L. Denson, Senior Loan Specialist, Single Family Housing Direct Loan Division, RHS, U.S. Department of Agriculture, STOP 0783, 1400 Independence Ave. SW., Washington, DC 20250-0783, Telephone (202) 720-1474. (This is not a toll free number.)

SUPPLEMENTARY INFORMATION: Under current standards, regulations, and policies, some low-income rural families lack sufficient income to qualify for loans to obtain adequate housing. Section 506(b) of title V of the Housing Act of 1949, authorizes a housing demonstration program that could result in housing that these families can afford. The Congress of the United States made two conditions: (1) That the health and safety of the population of the areas in which the demonstrations are carried out will not be adversely affected, and (2) that the aggregate expenditures for the demonstration may not exceed \$10 million in any fiscal year.

Rural Development State Directors are authorized in FY 2001 to accept demonstration concept proposals from nonprofit and for profit organizations.

The objective of the demonstration programs is to test new approaches to offering housing under the statutory authority granted to the Secretary of Agriculture. Rural Development will be required to review each application for

completeness and accuracy; however, some demonstration programs may or may not be consistent with some of the provisions of our 7 CFR part 3550-Direct Single Family Housing Loans and Grants regulation. Under section 506(b) of the Housing Act of 1949, the Agency may provide loans for innovative housing design units and systems which do not meet existing published standards, rules, regulations, or policies.

The Equal Credit Opportunity Act and Title VIII provides that a program such as this be administered affirmatively so that individuals of similar low-income levels in the housing market area have housing choices available to them regardless of their race, color, religion, sex, national origin, familial status and handicap. Under Section 504 of the Rehabilitation Act of 1973 we must make reasonable accommodations to permit a person with disabilities to apply for the benefit from agency programs. Executive Order 12898 requires our Agency to conduct a Civil Rights Impact Analysis on each project prior to eligibility/loan approval. Also, the requirements of Executive Order 11246 are applicable regarding equal employment opportunity when the proposed contract exceeds \$10,000.

A completed application which has been determined to carry out the objectives of the program will be considered on a first come, first served basis based on the date a completed application is submitted. An application is considered complete only if the "Application for Approval of Housing Innovation" is complete in content, contains information related to the criteria and all applicable additional information required by the application form has been provided. All application packages must be in accordance with the technical management requirements and address the criteria in the Proposal Content. The application, Proposal Content and Criteria, and further information may be obtained from the Rural Development State office in your area. (See the State Office address list at the end of this notice or access the website at http://www.rurdev.usda.gov/recd_map.html. Organizations that submit incomplete applications will be advised in writing of additional information needed for continued processing.

The following evaluation factors will not be weighted and are non-competitive. RHS, in its analysis of the proposals received, will consider whether the proposals will carry out the objectives of this demonstration effort in accordance with the following criteria:

A. Housing Unit Concept

1. A proposal must be well beyond the "idea" state. Sufficient testing must have been completed to demonstrate its feasibility. The proposal must be judged ready for full scale field testing in a rural setting.

2. Ability of the housing unit to provide for the protection of life, property, and for the safety and welfare of the consumer, general public and occupants through the design, construction, quality of materials, use, and maintenance of the housing unit.

3. Flexibility of the housing units in relation to varying types of housing and varying site considerations.

4. Flexibility of the housing unit concept, insofar as it provides the ability to adjust or modify unit size and arrangements, either during design or after construction.

5. Efficiency in the use of materials and labor, with respect to cost in place, the conservation of materials, and the effective use of labor skills. Potential for Self-Help Technical Assistance Grant applications.

6. Selection of materials for durability and ease of maintenance.

7. Concepts for the effective use of land and development.

B. Organization Capabilities

1. The experience and "know-how" of the proposed organization or individual to implement construction of the housing unit concept in relation to the requirements of RHS's housing programs.

2. The management structure and organization of the proposer.

3. The quality and diversity of management and professional talent proposed as "key individuals."

4. The management plan of how this effort will be conducted.

C. Cost and Price Analysis

1. The level of costs which are proposed, as they may compare with other proposals and be considered realistic for the efforts planned. Also, the quantity and level of detail in the information supplied.

2. Projected cost of "housing in place," with particular reference to housing for very low and low-income families.

An acceptable proposal will be sent by the State Director to the National office for concurrence by the RHS Administrator before the State Director may approve it. If the proposal is not selected, the State Director will so notify the applicant in writing, giving specific reasons why the proposal was not selected. The funds for the RH

Demonstration program are section 502 single family housing funds and are available to housing applicants who wish to purchase an approved demonstration dwelling. Funds cannot be reserved or guaranteed under the demonstration housing concept. There is no guarantee that a market exists for demonstration dwellings, and this does not ensure that an eligible loan applicant will be available for such a section 502 RH dwelling. If there is no available RHS eligible loan applicant, the RH demonstration program applicant will have to advance funds to complete the construction of the demonstration housing, with the risk that there may be no RHS applicant from which the builder will recover his or her development and construction costs.

This program or activity is listed in the Catalog of Federal Domestic Assistance under No. 10.410. For the reasons contained in 7 CFR part 3015, subpart V and RD Instruction 1940-J, "Intergovernmental Review of Rural Development Programs and Activities," this program or activity is excluded from the scope of Executive Order 12372, which requires intergovernmental consultation with State and local officials.

All interested parties must make a written request for a proposal package. The request must be made to the State Director in the State in which the proposal will be submitted; RHS will not be liable for any expenses incurred by respondents in the development and submission of applications.

The reporting requirements contained in this notice have been approved by the Office of Management and Budget (OMB) under Control Number 0575-0114.

Dated: March 12, 2001.

I. Abstract

The Census Bureau plans to request an extension of the current OMB approval to conduct a variety of small-scale questionnaire pretesting activities under this generic clearance. A block of hours will be dedicated to these activities for each of the next three years. OMB will be informed in writing of the purpose and scope of each of these activities, as well as the time frame and the number of burden hours used. The number of hours used will not exceed the number set aside for this purpose.

This research program will be used by the Census Bureau and survey sponsors to improve questionnaires and procedures, reduce respondent burden, and ultimately increase the quality of data collected in the Census Bureau censuses and surveys. The clearance will be used to conduct pretesting of decennial, demographic, and economic census and survey questionnaires prior to fielding them. Pretesting activities will involve one of the following methods for identifying measurement problems with the questionnaire or survey procedure: cognitive interviews, focus groups, respondent debriefing, behavior coding of respondent/interviewer interaction, split panel tests.
