SUPPLEMENTARY INFORMATION:

Dean John A. Knauss Marine Policy Fellowship, National Sea Grant College Program

Purpose of the Fellowship Program

In 1979, the National Sea Grant Office (NSGO), NOAA, in fulfilling its broad educational responsibilities, initiated a program to provide a unique educational experience in the policies and processes of the Legislative and Executive Branches of the Federal Government to graduate students who have an interest in ocean, coastal and Great Lakes resources and in the national policy decisions affecting these resources. In 1987, Public Law 100-220 made the Sea Grant Federal Fellows Program a formal part of the National Sea Grant College Program Act. The recipients are designated Dean John A. Knauss Marine Policy Fellows pursuant to 33 U.S.C. 1127(b).

Announcement

Fellows program announcements are sent annually to all participating Sea Grant institutions and campuses by the local Sea Grant program upon receipt of notice from the NSGO.

Eligibility

Any student who, on May 1, 2001, is in a graduate or professional program in a marine or aquatic-related field at a United States accredited institution of higher education may apply to the NSGO through their local Sea Grant program. Applicants from states not served by a Sea Grant program should contact the Knauss Fellows Program Manager at the NSGO; subsequently, the applicant will be referred to the appropriate Sea Grant Program. NOAA makes financial assistance funds

available to the Sea Grant programs nationwide to implement the fellowship program. The National Sea Grant program is listed in the *Catalog of Federal Domestic Assistance* under number 11.417: Sea Grant Support.

How to Apply

Interested students should discuss this fellowship with their local Sea Grant Program Director. Applicants from states not served by a Sea Grant program should contact the Knauss Fellows program Manager at the NSGO; subsequently, the applicant will be a referred to the appropriate Sea Grant Program. Applications must be submitted with signature to the local Sea Grant program by the deadline set in the announcement (usually early to mid-April). Each Sea Grant program may select and forward to the NSGO no more than five (5) applicants based on criteria used by the NSGO in the national competition.

Selected applications are to be received in the NSGO from the sponsoring Sea Grant program, no later than 5:00 pm EST on May 1, 2001. The competitive selection process and subsequent notification to the Sea Grant programs will be completed by June 14, 2001.

Stipend and Expenses

The local Sea Grant program receives and administers the overall grant of \$38,000 per student on behalf of each Fellow selected from their program. Of this grant, the local Sea Grant program provides \$32,000 to each Fellow for stipend and living expenses (per diem). The additional \$6,000 will be used to cover mandatory health insurance for the Fellow and moving expenses. In addition, any remaining funds shall be used during the Fellowship year, first to satisfy academic degree-related travel, and second for Fellowship-related travel.

Indirect costs are not allowable for the Fellowships, and Programs are not allowed to charge for any costs associated with the Fellowships, including placement week [15 CFR 917.11(e), National Sea Grant Program Funding Regulations]. No matching funds are required. During the fellowship (February 1, 2002—January 31, 2003), the host may provide supplemental funds for work-related travel by the fellow.

Application

An application must include:

(1) Personal and academic curriculum vitae (not to exceed two pages using 12 pt. font).

(2) A personal education and career goal statement emphasizing the applicant's abilities and the applicant's expectations from the experience in the way of career development (1000 words or less). Placement preference in the Legislative or Executive Branches of the Government may be stated; this preference will be honored to the extent possible.

(3) Two letters of recommendation, including one from the student's major professor; if no major professor exists, the faculty person academically knowing the applicant best may be substituted.

(4) A letter of endorsement from the sponsoring Sea Grant Program Director.

(5) Official copy of all undergraduate and graduate student transcripts.

All applicants be evaluated solely on their application package according to the criteria listed above. Therefore, letters of endorsements from members of Congress, friends, relatives or others will not be accepted. Absolutely no prior contacts/arrangements are to be made with possible Host Offices.

Selection Criteria

The selection criteria will include:

(1) Quality of the applicant's personal education and career goal statement.

(2) Endorsement/content of the applicant's Sea Grant program director, the applicant's major professor and second letter of recommendation.

(3) Strength of academic performance and diversity of educational background including extracurricular activities, awards and honors (from the curriculum vitae and transcripts).

(4) Experience in marine or aquatic-related fields, oral and written communications skills, and interpersonal abilities. Relative weights of the evaluation criteria are equal.

Selection

Applicants will be individually reviewed and ranked, according to the criteria outlined above, by a panel appointed by the Director of the NSGO with input from the Sea Grant Association and the National Sea Grant Review Panel. The panel will include representation from the Sea Grant Association and the current, and possibly past, class of Fellows. Once the entire class is selected, based on the criteria listed, the Knauss Program Manager will group the top-ranked applicants in each category, legislative and executive, based upon the applicant's stated preference and/or judgement of the panel based upon material submitted. Academic discipline and geographic representation may be considered by the

National Sea Grant Office to provide overall balance. The number of fellows assigned to the Congress will be limited to 10.

Federal Policies and Procedures

Fellows receive funds directly from their sponsoring Sea Grant program and are considered to be subrecipients of Federal assistance subject to all Federal laws and Federal and Commerce Department policies, regulations, and procedures applicable to Federal financial assistance awards.

Past Performance

Unsatisfactory performance under prior Federal awards may result in an application not being considered for funding.

Pre-Award Activities

If applicants incur any costs prior to an award being made, they do so solely at their own risk of not being reimbursed by the Government. Notwithstanding any verbal or written assurance that may have been received, there is no obligation on the part of Department of Commerce to cover pre-award costs.

No Obligation for Future Funding

If an application is selected for funding, the Department of Commerce has no obligation to provide any additional future funding in connection with that award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of Department of Commerce.

Delinquent Federal Debts

Federal funds will not be awarded to a Fellows applicant who has an outstanding delinquent Federal debt or find until either:

- i. The delinquent account is paid in full,
- ii. A negotiated repayment schedule is established and at least one payment is received, or
- iii. Other arrangements satisfactory to Department of Commerce are made.

Name Check Review

All non-profit and for-profit applicants are subject to a name check review process. Name checks are intended to reveal if any key individuals associated with the applicant have been convicted of or are presently facing criminal charges such as fraud, theft, perjury, or other matters which significantly reflect on the applicant's management honesty or financial integrity.
