

In the event the \$5,000,000 is insufficient to meet the reported need, new or expanded contracts or annual funding agreements awarded after this fund has been exhausted will not be provided CSF during this fiscal year. Requests received after this fund has been exhausted will be considered first for funding in the following year, if such funds are appropriated.

The Indian Self-Determination Act (Public Law 93-638) defines the term Start-Up Cost (Section 106(a)(5)) as follows:

Subject to paragraph (6) of section 106, during the initial year of a self-determination contract, the amount required to be paid under paragraph (2) shall include startup costs which are reasonable and are incurred on a one-time only basis and are considered necessary to:

- (1) Plan, prepare for, and assume operation of the program, function, service, or activity that is the subject of the contract; and
- (2) Ensure compliance with the terms of the contract and prudent management.

For specific guidance, including examples of start-up costs, see the BIA website under Tribal Services/Self-Determination Services.

#### **Priority of Funding for New and Expanded Contracts/Annual Funding Agreements**

Contract support will be awarded from the ISD fund to all new and expanded contracts/annual funding agreements based on the start date of the award, and the application date, on a first-come, first-served basis. An Indian Self-Determination fund "applicant roster" shall be maintained, which lists, in order of priority, the name of the tribe or tribal organization, the title of the program, the start date, the application date, the amount of program funds, the program cost code(s), the amount of contract support funds required, and the date of approved indirect cost rate agreement or lump sum agreement.

Start date means the date or commencement of operation of the new or expanded portion of the contract or annual funding agreement by a tribe, consortium, or tribal organization. However, because the Self-Determination Act provides that contracts/annual funding agreements will be on a calendar year basis unless otherwise provided by the tribe, any start date on or prior to January 1 of each year shall be considered a January 1 start date.

The application date shall be the date of the request by the tribe which includes:

(1) A tribal resolution requesting a contract or annual funding agreement;

(2) A summary of the program or portion thereof to be operated by the tribe/consortium or tribal organization; and

(3) A summary identifying the source and amount of program or services funds to be contracted or included in an annual funding agreement and contract support requirements. In the event that two tribes or tribal organizations have the same start date and application date, then the next date for determination of priority shall be the date the fully complete application was received by the BIA.

If all of the above are equal, and if funds remaining in the ISD fund are not adequate to fill the entire amount of each award's contract support requirement, then each will be awarded a proportionate share of its requirement and shall remain on the Indian Self-Determination fund roster in appropriate order of priority for future distributions on a first-come, first-served basis, as such funds are appropriated.

A new contract or annual funding agreement is defined as the initial transfer of a program, previously operated by the BIA to the tribe/consortium or tribal organization.

An expanded contract or annual funding agreement is defined as a contract or annual funding agreement which has become enlarged during the current fiscal year through the assumption of additional programs previously operated by the BIA.

#### **Criteria for Determining CSF Need for Ongoing/Existing Contracts/Annual Funding Agreements**

CSF for ongoing and existing contracts and annual funding agreements will be determined using the following criteria:

(1) All TPA contracted programs or those programs included in annual funding agreements in FY 2000 and continued in FY 2001, including contracted or annual funding agreement programs moved to TPA in FY 2001.

(2) Direct program funding increases due to inflation adjustments and general budget increases.

(3) TPA programs started or expanded in FY 2001 that are a result of a change in priorities from other already contracted/annual funding agreement programs.

(4) CSF differentials associated with tribally-operated schools that receive indirect costs through the application of an administrative cost grant formula. These differentials are to be calculated in accordance with the criteria

prescribed in the Choctaw decision dated September 18, 1992, issued by the Contracting Officer, Eastern Regional Office. Copies of this decision can be obtained by calling the telephone number provided in this announcement.

(5) CSF will be distributed to the Office of Self-Governance for ongoing annual funding agreements, on the same basis as regional offices.

(6) Funds available for Indian Child Welfare Act (ICWA) programs or reprogrammed from ICWA to other programs will be considered ongoing for the purposes of payment of contract support costs.

(7) The use of CSF to pay prior year shortfalls is not authorized.

(8) Programs funded from sources other than those listed above which were awarded in FY 2000 and are to be awarded in FY 2001 shall be considered as ongoing programs.

Dated: March 12, 2001.
