Electrolytic Manganese Dioxide From Greece: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Administrative Review.

SUMMARY: On January 10, 2001, the Department of Commerce published the preliminary results of administrative review of the antidumping duty order on electrolytic manganese dioxide from Greece. The review covers one producer/exporter, Tosoh Hellas, during the period of review April 1, 1999, through December 31, 1999.

We gave interested parties an opportunity to comment on the preliminary results. We did not receive any comments. The review indicates the existence of no dumping margins for Tosoh Hellas during this period.

EFFECTIVE DATE: March 19, 2001.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla or Richard Rimlinger,

Office of AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, Washington, D.C. 20230; telephone: (202) 482-3477 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act, by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR Part 351 (2000).

Background

On January 10, 2001, the Department published in the *Federal Register* the preliminary results of the administrative review of the antidumping duty order on electrolytic manganese dioxide (EMD) from Greece. See *Preliminary Results of Antidumping Duty Administrative Review: Electrolytic Manganese Dioxide from Greece*, 66 FR 1950 (January 10, 2001) (Preliminary Results).

Scope of Review

Imports covered by this review are shipments of EMD from Greece. EMD is manganese dioxide (MnO₂) that has been refined in an electrolysis process. The subject merchandise is an intermediate product used in the production of dry-cell batteries. EMD is sold in three physical forms (powder, chip, or plate) and two grades (alkaline and zinc chloride). EMD in all three forms and both grades is included in the scope of the order. This merchandise is currently classifiable under item number 2820.10.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS number is provided for convenience and customs purposes. It is not determinative of the products subject to the order. The written product description remains dispositive.

Analysis of Comments Received

We received no comments from interested parties as a result of our preliminary results of review.

Sunset Revocation

On April 20, 2000, the International Trade Commission (ITC), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty order on EMD from Greece would not be likely to lead to continuation or

recurrence of material injury within a reasonably foreseeable time. Therefore, because the order was revoked on May 31, 2000, as a result of the ITC's determination with an effective date of January 1, 2000, no deposit requirements are effective for shipments entered, or withdrawn from warehouse, for consumption on or after January 1, 2000.

Final Results of Review

We have determined that a weighted-average margin of zero percent exists for Tosoh for the period April 1, 1999, through December 31, 1999. The Department will issue appraisement instructions directly to the Customs Service.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 12, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.

Initiation of Antidumping Duty Investigation: Certain Folding Gift Boxes From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 19, 2001.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer or Richard Rimlinger, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-0410 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the

Department of Commerce's (the Department's) regulations are to the provisions codified at 19 CFR Part 351 (2000).

The Petition

On February 20, 2001, the Department received a petition on imports of certain folding gift boxes from the People's Republic of China (PRC) filed in proper form by Harvard Folding Box Company, Inc., and Field Container Company, L.P., hereinafter referred to as "the petitioners." On February 26, 2001, the Department requested clarification of certain areas of the petition and received responses on March 1, 2001, and March 5, 2001.

In accordance with section 732(b) of the Act, the petitioners allege that imports of certain folding gift boxes from the PRC are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring and threaten to injure an industry in the United States.

The Department finds that the petitioners filed this petition on behalf of the domestic industry because they are interested parties as defined in section 771(9)(C) and (D) of the Act and they have demonstrated sufficient industry support with respect to the antidumping duty investigation they are requesting the Department to initiate (see "Determination of Industry Support for the Petition" below).

Scope of the Petition

The merchandise subject to this petition is certain folding gift boxes. Folding gift boxes are a type of folding or knock-down carton manufactured from paper or paperboard. Folding gift boxes are produced from a variety of recycled and virgin paper or paperboard materials, including, but not limited to, clay-coated paper or paperboard and kraft (bleached or unbleached) paper or paperboard. The scope of the petition excludes gift boxes manufactured from paper or paperboard of a thickness of more than 0.8 millimeters, corrugated paperboard, or paper mache.

Folding gift boxes are typically decorated with a holiday motif using various processes, including printing, embossing, debossing, and foil stamping, but may also be plain white or printed with a single color. The subject merchandise includes folding gift boxes, with or without handles, whether finished or unfinished, and whether in one-piece or multi-piece configuration. One-piece gift boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece gift boxes

are those with a folded bottom and a folded top as separate pieces. Folding gift boxes are generally packaged in shrink-wrap, cellophane, or other packaging materials, in single or multi-box packs for sale to the retail customer. The scope of the petition excludes folding cartons that have a retailer's name, logo, trademark or similar company information printed prominently on the folding carton's top exterior (such folding cartons may be known as "not-for-resale" gift boxes or "give-away" gift boxes and may be provided by department and specialty stores at no charge to their retail customers). Imports of the subject merchandise are classified under U.S. Harmonized Tariff Schedule subheadings 4819.20.00.40 and 4819.50.40.60. These subheadings also cover products that are outside the scope of this petition. Furthermore, although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

During our review of the petition, we discussed the scope with the petitioners to ensure that it accurately reflects the product for which the domestic industry is seeking relief. Moreover, as discussed in the preamble to the Department's regulations (62 FR 27296, 27323), we are setting aside a period for interested parties to raise issues regarding product coverage. The Department encourages all interested parties to submit such comments within 20 calendar days of publication of this notice. Comments should be addressed to Import Administration's Central Records Unit at Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The period of scope consultations is intended to provide the Department with ample opportunity to consider all comments and consult with interested parties prior to the issuance of the preliminary determination.

Period of Investigation

Section 351.204(b) of the Department's regulations states that, in the case of a nonmarket-economy (NME) country, in an investigation, the Department normally will examine merchandise sold during the two most recently completed fiscal quarters of the month preceding the month in which the petition was filed. The regulations further state that the Department may examine merchandise sold during any additional or alternate period it concludes is appropriate.

Following the above-noted guidelines from section 351.204(b) of the Department's regulations, the two most
