Comments will be recorded by a court reporter and will become a part of the meeting record. Speakers are encouraged to provide written versions of their spoken comments. The facilitator and DNSC staff may ask questions to clarify the speaker's comments.

Written comments will be accepted at the meetings and comment forms will be provided for this purpose. Written and spoken comments will be given equal weight in the scoping process. For those individuals who prefer to make verbal comments prior to or after the formal presentation, a court reporter will be available in the exhibit area.

All meeting facilities are handicapped accessible. Persons that are hearing impaired or have other special requirements should contact the Project Manager in advance so that arrangements may be made to accommodate their needs.

Input from the scoping meetings along with comments received by other means (i.e., mail, phone, fax, email, and web-site) will be used by DNSC in refining the scope of the EIS. Issues raised at the scoping meetings will be documented in the Scope of Statement for the Mercury Management EIS. The objective of this report is to summarize the essence of the comments received in a clear, concise manner, and accurately portray the planned scope of the EIS. The Scope of Statement will be distributed to information repositories near the scoping meeting locations, accessible via the EIS web site, and mailed out upon request. The repository locations are listed below and are also provided on the Mercury Management EIS web site at www.mercuryeis.com.
