BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 00-AWP-12]

Modification of Class E Airspace; Molokai, HI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies the Class E airspace area at Molokai, HI. The development of an Area Navigation (RNAV) Global Positioning System (GPS)-B Standard Instrument Approach Procedure (SIAP) to Kaunakakai/Molokai Airport has made action necessary. Additional controlled airspace extending upward from 700 feet above the surface is needed to contain aircraft executing the RNAV (GPS)-B SIAP to Kaunakakai/Molokai Airport. The intended effect of this action is to provide adequate controlled airspace for Instrument Flight Rules (IRF) operations at Kaunakakai/Molokai Airport, Molokai, HI.

EFFECTIVE DATE: 0901 UTC May 17, 2001.

FOR FURTHER INFORMATION CONTACT: Jeri Carson, Airspace Specialist, Airspace Branch, AWP-520, Air Traffic Division, Western-Pacific Region, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California 90261, telephone (310) 725-6611.

SUPPLEMENTARY INFORMATION:

History

On January 17, 2001, the FAA proposed to amend 14 CFR part 71 by modifying the Class E airspace area at Kaunakakai/Molokai HI (66 FR 3887). Additional controlled airspace extending upward from 700 feet above the surface is needed to contain aircraft executing the RNAV (GPS)-B SIAP at Kaunakakai/Molokai Airport, Molokai,

HI. This action will provide adequate controlled airspace for aircraft executing the RNAV (GPS)-B SIAP to Kaunakakai/Molokai Airport, Molokai, HI.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments to the proposal were received. Class E airspace designations for airspace extending from 700 feet or more above the surface of the earth are published in paragraph 6005 off FAA Order 7400.9H dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace area at Molokai, HI. The development of an RNAV (GPS)-B SIAP has made this action necessary. The effect of this action will provide adequate airspace for aircraft executing the RNAV (GPS)-B SIAP at Kaunakakai/Molokai Airport, Molokai, HI.

The FAA has determined that this regulation only involved an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; 40120; E. O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389; 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9H, Airspace Designations and Reporting Points, dated September 1, 2000, and effective September 16, 2000, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.
