

information collection described below. The purpose of this notice is to allow 60 days for public comment in the **Federal Register** preceding submission to OMB. This process is conducted in accordance with the Paperwork Reduction Act of 1995.

The following summarizes the information collection proposal submitted to OMB:

Type of Request: Regular—Reinstatement, with change, of a previously approved collection for which approval has expired.

Originating Office: Bureau of Consular Affairs, CA/PPT/FO/FC.

Title of Information Collection: Affidavit of Identifying Witness.

Frequency: On Occasion.

Form Number: DS-71.

Respondents: Individuals or Households.

Estimated Number of Respondents: 118,000.

Average Hours Per Response: 1/12 hr. (5 min.).

Total Estimated Burden: 9,833.

Public comments are being solicited to permit the agency to:

- Evaluate whether the proposed information collection is necessary for the proper performance of the functions of the agency.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond, including through the use of automated collection techniques or other forms of technology.

FOR ADDITIONAL INFORMATION: Public comments, or requests for additional information, regarding the collection listed in this notice should be directed to Margaret A. Dickson, CA/PPT/FO/FC, Department of State, 2401 E Street, NW, Room H904, Washington, D.C. 20522, and at 202-663-2460.

Dated: March 16, 2001.

Georgia Rogers,

Deputy Assistant Secretary, Bureau of Consular Affairs, U.S. Department of State.

BILLING CODE 4710-06-P

DEPARTMENT OF STATE

Public Notice #: 3604

Advisory Commission on Public Diplomacy; Notice of Meeting

The U.S. Advisory Commission on Public Diplomacy, reauthorized

pursuant to P.L. 106-113 (H.R. 3194, Consolidated Appropriations Act, 2000), will meet on Tuesday, April 17, 2001, in Room 600, 301 4th St., SW, Washington, D.C. from 9:30 a.m. to 12:00 Noon.

The Commission will discuss the Department's exchange programs, public diplomacy in the Far East, and the Smith-Mundt Act.

Members of the general public may attend the meeting, though attendance of public members will be limited to the seating available. Access to the building is controlled, and individual building passes are required for all attendees. Persons who plan to attend should contact David J. Kramer, Executive Director, at (202) 619-4463.

Dated: March 19, 2001.

David J. Kramer,

U.S. Advisory Commission on Public Diplomacy, U.S. Department of State.

BILLING CODE 4710-11-P

TENNESSEE VALLEY AUTHORITY

Environmental Impact Statement—Pickwick Reservoir Land Management Plan, Colbert and Lauderdale Counties, AL; Tishomingo County, MS; and Hardin County, TN

AGENCY: Tennessee Valley Authority (TVA).

ACTION: Notice of intent.

SUMMARY: This notice is provided in accordance with the Council on Environmental Quality's regulations (40 CFR parts 1500 to 1508) and TVA's procedures implementing the National Environmental Policy Act. TVA will prepare an Environmental Impact Statement (EIS) on alternatives for management of Pickwick Reservoir project lands in Colbert and Lauderdale Counties in Alabama, Tishomingo County in Mississippi, and Hardin County in Tennessee.

DATES: Comments on the scope of the EIS should be received by June 1, 2001.

ADDRESSES: Written comments should be sent to Jon M. Loney, Manager, NEPA Administration, Environmental Policy and Planning, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville, Tennessee 37902-1499.

FOR FURTHER INFORMATION CONTACT: Harold M. Draper, NEPA Specialist, Environmental Policy and Planning, Tennessee Valley Authority, 400 West Summit Hill Drive, WT 8C, Knoxville, Tennessee 37902-1499; telephone (865) 632-6889 or e-mail hmdraper@tva.gov

SUPPLEMENTARY INFORMATION: Pickwick Reservoir is the fourth largest of 23 multipurpose reservoirs operated by TVA for navigation, flood control, power production, recreation, and other uses. Located on the Tennessee River, the reservoir is 53 miles long and extends through parts of four counties in Alabama, Mississippi, and Tennessee. TVA originally acquired 63,625 acres for reservoir construction. Of that, 33,472 acres are covered by water during normal summer pool. Subsequent transfers of land by TVA for economic, industrial, residential, or public recreation development have resulted in a current balance of 17,400 acres of TVA land on Pickwick Reservoir. TVA is considering updating a 1981 land allocation plan and allocating additional lands that were not considered in the 1981 plan. Because of increasing development pressure, the current plan may not reflect current demands for land and may need to be updated to reflect community needs and current TVA policies.

TVA develops reservoir land management plans to help in the management of reservoir properties in its custody. These plans allocate lands to various categories of uses, which are then used to guide the types of activities that will be considered on each tract of land. By providing a clear statement of how TVA intends to manage land and by identifying land for specific uses, TVA hopes to balance conflicting uses and facilitate decision making for use of its land. Each plan is submitted for approval by the TVA Board of Directors and adopted as policy to provide for long-term land stewardship and accomplishment of TVA responsibilities under the 1933 TVA Act. Since 1999, plans have been finalized for the following reservoirs, Boone, Melton Hill, Tellico, and Tims Ford, all in Tennessee. Plans are currently underway for the four Bear Creek Reservoirs, Alabama, Cherokee and Norris Reservoirs, Tennessee; and Guntersville Reservoir, Alabama and Tennessee.

In developing the Pickwick plan, it is anticipated that lands currently committed to a specific use would be allocated to that current use unless there is an overriding need to change. Commitments include transfers, easements, leases, licenses, contracts, utilities, outstanding land rights, or developed recreation areas. All lands under TVA control would be allocated in the planning process. Alternative approaches to land allocation would be analyzed in the EIS. The No Action alternative would continue to rely on the existing 1981 Pickwick Reservoir

Land Management Plan. The 1981 plan allocates land into 16 categories, including natural areas, forest and wildlife management, recreation, and industrial sites. The action alternatives would address options for allocating reservoir lands into seven land use zones. It is anticipated that the majority of the lands would be allocated to natural resource management and sensitive resource protection categories. However, existing uses would be grandfathered by allocating small acreages to industrial and commercial development, recreation, and residential access.

This EIS will tier from TVA's Final EIS, Shoreline Management Initiative: An Assessment of Residential Shoreline Development Impacts in the Tennessee Valley (November 1998). That EIS evaluated alternative policies for managing residential uses along TVA's reservoir system, including Pickwick Reservoir.

This notice publishes the intent of TVA to prepare an EIS for the Pickwick Reservoir Land Management Plan. TVA anticipates that the EIS will include discussion of the potential effects of alternatives on the following resources and issue areas: aquatic ecology, water quality, wetlands, terrestrial ecology, cultural resources, noise, recreation, visual resources, threatened and endangered species, and navigation. Other issues which may be discussed, depending on the potential impacts of the alternatives, include floodplains, prime farmland, and air quality.

Public Participation

TVA is interested in receiving comments on the scope of issues to be addressed in the EIS. The participation of affected Federal, state, and local agencies and Indian tribes, as well as other interested persons is invited. Further, pursuant to the National Historic Preservation Act, TVA is interested in receiving comments on the potential of the proposed land allocation plan to affect historic properties. Written comments on the scope of the EIS should be received on or before June 1, 2001.

Comments may also be provided in an oral or written format at one of the following public meetings:

- Thursday, March 29, 2001, 6 to 8 p.m. CST, Tishomingo County High School, U.S. 72 West, Iuka, Mississippi;
- Tuesday, April 3, 2001, 6 to 8 p.m. CST, Adams Mark Hotel, 939 Ridge Lake Boulevard (Interstate 240 at Poplar Street), Memphis, Tennessee;

- Friday, April 6, 2001, 6 to 8 p.m. CST, Pickwick Landing State Park, Pickwick Dam, Tennessee.
- Thursday, April 12, 2001, 6 to 8 p.m. CST, Environmental Research Center Auditorium, TVA Reservation, Muscle Shoals, Alabama;

Upon consideration of the scoping comments, TVA will develop alternatives and identify important environmental issues to be addressed in the EIS. Following analysis of the environmental consequences of each alternative, TVA will prepare a draft EIS for public review and comment, and distribute it to commenting agencies and the public. Notice of availability of the draft EIS will be published in the **Federal Register**. Any meetings that are scheduled to receive comments on the draft EIS will be announced by TVA.

Dated: March 20, 2001.

Kathryn J. Jackson,

Executive Vice President, River System Operations & Environment.

BILLING CODE 8120-08-U

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Generalized System of Preferences (GSP); Intellectual Property Rights; Deadline for Submitting Public Comments on the Suspension of Ukraine, in Whole or in Part, From Eligibility as a GSP Beneficiary Country

AGENCY: Office of the United States Trade Representative (USTR).

ACTION: Request for public comment.

DATES: Final date for comments is April 25, 2001.

SUMMARY: This notice informs the public that the U.S. Government is considering whether to suspend, in whole or in part, duty-free treatment accorded to imports from Ukraine under the U.S. GSP program on the ground that Ukraine has not taken sufficient steps to protect intellectual property rights and sets forth the deadline for submitting comments on products that could be affected.

FOR FURTHER INFORMATION CONTACT: GSP Subcommittee, Office of the United States Trade Representative, USTR Annex, 1724 "F" Street, NW., Room F220, Washington, DC 20508 (Tel. 202/395-6971). Public versions of all documents relating to this review are available for public inspection by appointment in the USTR public reading room (Tel. 202/395-6186).

SUPPLEMENTARY INFORMATION: The GSP program is authorized pursuant to Title V of the Trade Act of 1974, as amended ("the Trade Act") (19 U.S.C. 2461 *et seq.*). The GSP program grants duty-free treatment to designated eligible articles that are imported from designated beneficiary developing countries. Once granted, GSP benefits may be withdrawn, suspended or limited by the President with respect to any article or with respect to any country. In making this determination, the President must consider several factors, one of which is the extent to which a beneficiary country is providing adequate and effective protection of intellectual property rights (IPR) (19 U.S.C. 2462(c)(5)). Ukraine is a beneficiary of the GSP. In 2000, over \$40 million of Ukraine's exports to the United States benefited from GSP. The Annex to this Notice lists products currently being imported under GSP from Ukraine.

I. Suspension of GSP Benefits for Ukraine

In June 1999, the International Intellectual Property Alliance filed a petition for remedial action under the GSP program alleging that Ukraine had failed to provide adequate and effective copyright protection and enforcement to U.S. copyright owners. The petition dealt primarily with the massive production and export of unauthorized compact discs (CDs) in Ukraine, which began after similar operations in Bulgaria were closed in 1999. For over two years the U.S. Government has been urging the Ukrainian Government to close down unauthorized CD production facilities and enact legislation to adequately protect copyrights. The Ukraine Government to date has been unwilling to curtail the activities of these unauthorized facilities. Ukraine has now been designated a "Priority Country" under the "special 301" provision of the Trade Act. The separate GSP review of Ukraine has been ongoing since 1999. In light of the "Priority Country" designation, the U.S. Government is now considering the suspension of Ukraine's GSP benefits.

A. Opportunity for Public Comment

This notice solicits public comments on whether it is appropriate to suspend GSP benefits for Ukraine as well as the effect such suspension would have on Ukraine's exports to the United States. All written comments should be addressed to: GSP Subcommittee, Office of the U.S. Trade Representative, Annex, 1724 F Street, NW., Room 217, Washington, DC 20508. All submissions must be in English and should conform
