Safety Zone Regulations; Guayanilla Bay, Guayanilla, PR

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a moving and fixed safety zone around all vessels carrying Liquefied Natural Gas (LNG) as cargo in the waters of the Caribbean Sea in Guayanilla Bay, Puerto Rico. This precaution is required because of the size, draft and highly volatile cargo of LNG vessels. These regulations are necessary for the protection of life and property on the navigable waters of the United States.

DATES: This rule is effective April 27, 2001.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket are part of docket [COTP San Juan 00-095] and are available for inspection or copying at Coast Guard Marine Safety Office San Juan, Rodriguez and Del Valle Building, San Martin Street, Carr. #2, Km. 4.9, Guaynabo, Puerto Rico, 00968, between the hours of 7 a.m. and 3:30 p.m., Monday through Friday, excluding Federal Holidays.

SUPPLEMENTARY INFORMATION:**Regulatory Information**

On October 24, 2000, we published a notice of proposed rulemaking (NPRM) entitled: Safety Zone Regulations; Guayanilla Bay, Guayanilla, Puerto Rico, in the **Federal Register** (65 FR 63558). We received no letters commenting on the proposed rule. No public hearing was requested and none was held.

Background and Purpose

These regulations are needed to provide for the safety of life on navigable waters from hazards associated with LNG carriers. The safety zones are needed because of the significant dangers LNG vessels present with their highly volatile cargoes, their size, and draft. We anticipate periodic arrivals and departures of LNG carriers at the Eco-Elctrica waterfront facility in Guayanilla Bay.

This rule establishes a moving safety zone in a 100 yard radius surrounding a vessel carrying LNG product while transiting north of Latitude 17°56.0'N on approach to or departure from the Eco-Elctrica waterfront facility in Guayanilla Bay, Puerto Rico. This moving safety zone remains in effect until the LNG vessel is alongside the Eco-Elctrica waterfront facility in
