

the issuance of a permit (1248) for incidental takes of endangered species.

**SUMMARY:** This notice advises the public that a decision on the application for an incidental take permit by the State of Washington Department of Fish and Wildlife (WDFW), pursuant to the Endangered Species Act of 1973 (ESA), has been made and that the decision documents are available upon request.

**DATES:** Permit 1248 was issued on January 8, 2001, subject to certain conditions set forth therein, and expires on December 31, 2004.

**ADDRESSES:** Requests for copies of the decision documents or any of the other associated documents should be directed to the Hatcheries and Inland Fisheries Branch, Sustainable Fisheries Division, F/NWO3, NMFS, 525 NE Oregon Street, Suite 510, Portland, OR 97232-2737 (503-231-2178).

**FOR FURTHER INFORMATION CONTACT:** FOR FURTHER INFORMATION CONTACT: Lance Kruzic, Portland, OR, at phone number: (503) 231-2178, fax: (503) 872-2737, or e-mail: Lance.Kruzic@noaa.gov

**SUPPLEMENTARY INFORMATION:** The following species and evolutionary significant units (ESU's) are covered in the permit:

Chinook salmon (*Oncorhynchus tshawytscha*): endangered Upper Columbia River spring run.

Steelhead (*O. mykiss*): endangered Upper Columbia River.

### Decision

Notice was published on April 19, 2000 (65 FR 20952) that WDFW applied for a section 10(a)(1)(B) permit for annual incidental takes of ESA-listed anadromous fish associated with otherwise lawful recreational fisheries on non-listed species in the Upper Columbia River Basin above Priest Rapids Dam in the State of Washington in the Pacific Northwest. WDFW submitted a Conservation Plan with its permit application that describes measures designed to monitor, minimize, and mitigate the incidental taking of ESA-listed anadromous salmonids associated with the sport-fisheries, some or all of which are expected to occur annually for the duration of the permit.

NMFS' decision is to adopt the preferred alternative in the Conservation Plan together with the preferred alternative in the Environmental Assessment that was completed for this permit action and issue a permit with conditions authorizing incidental takes of the ESA-listed anadromous fish species. This decision is based on a thorough review of the alternatives and

their environmental consequences. NMFS' conditions will ensure that the incidental takes of ESA-listed anadromous fish will not appreciably reduce the likelihood of the survival and recovery of the species in the wild. By adopting the preferred alternative in the Conservation Plan, with the Conservation Plan's stated assurances that WDFW's mitigation program will be implemented, all practicable means to avoid or minimize harm have been adopted.

### Rationale for Decision

The decision to issue the permit was made because the Conservation Plan proposed by WDFW meets the statutory criteria for issuance of an incidental take permit under section 10 of the ESA. In issuing the permit, NMFS determined that WDFW's Conservation Plan provides adequate mitigation measures to avoid, minimize, and/or compensate for the anticipated takes of ESA-listed anadromous fish.

The permit was granted only after NMFS determined that the permit was applied for in good faith, that all permit issuance criteria were met, including the requirement that granting the permit would not jeopardize the continued existence of the species, and that the permit is consistent with the purposes and policies set forth in the Endangered Species Act of 1973, as amended.

Dated: March 23, 2001.

### National Oceanic and Atmospheric Administration

#### Availability of Draft Guidance for Coastal Impact Assistance Program

**AGENCY:** National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

**ACTION:** Notice of availability of draft guidance for Coastal Impact Assistance Program

**SUMMARY:** Notice is hereby given of the availability of Draft Guidance for the Coastal Impact Assistance Program (CIAP). The fiscal year 2001 appropriations for the Departments of Commerce, Justice and State created the CIAP.

The CIAP will direct approximately \$145 million to the outer continental

shelf oil and gas producing states of Alaska, Alabama, California, Florida, Louisiana, Mississippi and Texas and the approximately 150 coastal political subdivisions within those states to help mitigate the impacts of OCS activities and protect coastal resources. The CIAP requires these states to submit Coastal Impact Assistance Plans detailing how the funds will be expended. This guidance provides the information necessary for eligible states and coastal political subdivisions to develop CIAP plans and submit them to the National Oceanic and Atmospheric

Administration (NOAA) by July 1, 2001.

Copies of the Draft Guidance for the Coastal Impact Assistance Program can be found on the NOAA website at <http://www.ocrm.nos.noaa.gov/cpd/welcome/html> or may be obtained upon request from: Joseph P. Flanagan, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, tel. 301-713-3155, extension 201, e-mail [joseph.flanagan@noaa.gov](mailto:joseph.flanagan@noaa.gov).

**FOR FURTHER INFORMATION CONTACT:** John King, Acting Chief, Coastal Program Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, tel. 301-713-3155, extension 188, e-mail [john.king@noaa.gov](mailto:john.king@noaa.gov).
