

DEPARTMENT OF THE INTERIOR**Bureau of Land Management****[(NM-930-1310-01); OKNM 96077]****New Mexico: Proposed Reinstatement of Terminated Oil and Gas Lease**

Under the provisions of Public Law 97-451, a petition for reinstatement of oil and gas lease OKNM 96077 for lands in Coal County, Oklahoma, was timely filed and was accompanied by all required rentals and royalties accruing from December 1, 2000, the date of termination.

No valid lease has been issued affecting the lands. The lessee has agreed to new lease terms for rentals and royalties at rates of \$10.00 per acre or fraction thereof and 16 $\frac{2}{3}$ percent, respectively. The lessee has paid the required \$500 administrative fee and has reimbursed the Bureau of Land Management for the cost of this **Federal Register** notice.

The Lessee has met all the requirements for reinstatement of the lease as set out in Sections 31(d) and (e) of the Mineral Leasing Act of 1920 (30 USC 188), and the Bureau of Land Management is proposing to reinstate the lease effective December 1, 2000, subject to the original terms and conditions of the lease and the increased rental and royalty rates cited above.

AGENCY: Bureau of Land Management, Interior.

ACTION: Supplemental notice of availability, plan amendment approved.

SUMMARY: Notice is hereby given that the Bureau of Land Management (BLM) has approved a proposal to amend the California Desert Conservation Area Plan (CDCA) to partially exempt the proposed Level 3 Communications, L.L.C., fiber optic cable right-of-way from a designated Energy Production and Utility Corridor for a portion of the

proposed alignment. The exemption allows the segment to deviate from the Corridor for 12.5 miles. Please see **Federal Register**, Notice of Intent dated July 25, 2000 (Volume 65, Number 143), for more detailed information.

By publication of this Notice the protest period for this plan amendment is initiated. This decision will become effective 30 days after publication of this Notice. In accordance with 43 CFR 1610-5-2, any person who participated in the planning process and believes they will be adversely affected by this plan amendment may protest. The protest may raise only those issues which were submitted for the record during the planning process. The protest must be in writing and filed at the following address within 30 days from the date of publication of this Notice, Director, Bureau of Land Management, Attention: Ms. Brenda Williams, Protest Coordinator, WO-210/LS-1075, Department of the Interior, Washington, D.C., 20240. Protest filed late will be rejected.

In order to be considered complete, your protest must contain, at a minimum, the following information:

1. The name, mailing address, telephone number, and interest of the person filing the protest.

2. A statement of the issue or issues being protested.

3. A statement of the part or parts of the proposed plan amendment being protested. To the extent possible, this should be done by reference to specific pages, paragraphs, sections, tables, maps, etc., included in the document.

4. A copy of all documents addressing the issue or issues that you submitted during the planning process or a reference to the date the issue or issues were discussed by you for the record.

BILLING CODE 4310-MR-M**DEPARTMENT OF THE INTERIOR****National Park Service****Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Museum of Anthropology, University of Missouri-Columbia, Columbia, MO**

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Museum of Anthropology, University of Missouri-Columbia, Columbia, MO.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by University of Missouri-Columbia professional staff in consultation with representatives of the Otoe-Missouria Tribe of Indians, Oklahoma; and the Iowa Tribe of Oklahoma.

Between 1939–1980, human remains representing a minimum of 14 individuals were recovered from the Utz site (site 23SA002), Saline County, MO, during excavations conducted by the University of Missouri-Columbia professional staff, supervised field school students, and volunteers of the Missouri Archaeological Society. No known individuals were identified. The 132 associated funerary objects are ceramic sherds, glass sherds, debitage, metal fragments, 3 copper bracelets, projectile points, a bone awl, a groundstone pipe, pieces of hematite, a blue glass bead, a piece of quartz, and faunal remains.

Based on oral tradition, types of associated funerary objects, and historical documents, these individuals have been identified as Native American. Based on radiocarbon dating, the presence of trade objects, and historical documents, the Utz site has been identified as a village occupation estimated to date to C.E. 1460–1712. Oral tradition, archaeological evidence, and historical documents indicate that the Utz site was a village of the Missouria Tribe, and these burial are therefore reasonably believed to be culturally affiliated with the Otoe-Missouria Tribe of Indians, Oklahoma.

Based on the above-mentioned information, officials of the University of Missouri-Columbia have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of 14 individuals of Native American ancestry. Officials of the University of Missouri-Columbia also have determined that, pursuant to 43 CFR 10.2 (d)(2), the 132 objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the University of Missouri-Columbia also have

determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and associated funerary objects and the Otoe-Missouria Tribe of Indians, Oklahoma. This notice has been sent to officials of the Otoe-Missouria Tribe of Indians, Oklahoma; and the Iowa Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Dr. Michael O'Brien, Director, Museum of Anthropology, 317 Lowry Hall, University of Missouri-Columbia, Columbia, MO 65211, telephone (573) 882-4421, before May 3, 2001.

Repatriation of the human remains and associated funerary objects to the Iowa Tribe of Oklahoma on behalf of the Otoe-Missouria Tribe of Indians, Oklahoma may begin after that date if no additional claimants come forward.

Dated: March 20, 2001.

John Robbins,

Assistant Director, Cultural Resources Stewardship and Partnerships.
