

Coast Guard Captain of the Port or the designated on scene patrol personnel. Coast Guard patrol personnel include commissioned, warrant, and petty officers of the U.S. Coast Guard. Upon being hailed by a U.S. Coast Guard vessel via siren, radio, flashing light, or other means, the operator shall proceed as directed.

(3) The safety zones in this regulation are outside navigation channels and will not adversely affect shipping. In cases where shipping is affected, commercial vessels may request permission from the Captain of the Port Detroit to transit the safety zone. Approval will be made on a case-by-case basis. Requests must be made in advance and approved by the Captain of the Port before transits will be authorized. The Captain of the Port may be contacted via U.S. Coast Guard Group Detroit on Channel 16, VHF-FM.

(c) Effective Period. The Captain of the Port Detroit will publish at least 15 days in advance a Notice in the **Federal Register** as well as in the Ninth Coast Guard District Local Notice to Mariners the dates and times this section is in effect.

Dated: March 23, 2001.

But you may submit a request for a meeting by writing to Coast Guard MSD Grand Haven at the address under **ADDRESSES** explaining why one would be beneficial. Background and Purpose

The Port of Muskegon American Sail Training Association Tall Ships Challenge 2001 will take place in Muskegon, Michigan, from August 9, 2001 through August 13, 2001. During the Tall Ships Challenge 2001, a large number of tall ships will visit Muskegon Lake, with waterside events, in-port tours, and waterside moored vessel viewing. On Monday, August 13, 2001, from 11 a.m. to 5 p.m., the tall ships will take part in a ceremonial departure parade of tall ships, which is expected to attract a large number of spectator vessels. The Coast Guard will establish a Moving Safety Zone surrounding the participating tall ships to ensure the

safety of participating and spectator vessels and personnel.

The Moving Safety Zone will include the areas around and between all the vessels participating in the Tall Ships Challenge 2001 parade of tall ships during their transit in Muskegon Lake and vicinity on Monday, August 13, 2001. The Moving Safety Zone will include the area extending a distance of 100 yards ahead of the lead vessel in the parade, 100 yards abeam each vessel in the parade, and 100 yards astern of the last vessel in the parade. The Moving Safety Zone will ensure that spectator craft do not impede the path of any of the parade vessels.

The vessel congestion due to the large number of participating and spectator vessels poses a significant threat to the safety of life. This proposed rulemaking is necessary to ensure the safety of life on the navigable waters of the United States.

Discussion of Proposed Rule

In order to ensure vessel safety, a Moving Safety Zone is proposed for the vessels participating in the Tall Ships Challenge 2001 parade of tall ships on Monday, August 13, 2001. The Moving Safety Zone will be in effect around the vessels participating in the parade of tall ships from 11 a.m. until 5 p.m. on Monday, August 13, 2001. The parade of tall ships will begin at 11 a.m. on Monday, August 13, 2001 in Muskegon Lake at approximately 43°14'36" N, 086°15'44" W. The parade of tall ships will then proceed to waypoint 43°13'37" N, 086°17'41" W, then to waypoint 43°14'07" N, 086°19'21" W, then outbound through Muskegon Lake Entrance Channel to the final parade waypoint in Lake Michigan at 43°13'11" N, 086°21'36" W. The parade of tall ships will finish at approximately 5 p.m. on Monday, August 13, 2001.

Regulatory Evaluation

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The Moving Safety Zone will be in effect for a limited time, and extensive advance notice will be made to the

maritime community via Local Notice to Mariners and marine safety information broadcasts. This temporary regulation is tailored to impose a minimal impact on maritime interests without compromising safety. Compensating for any adverse impacts are the favorable economic impacts that these events will have on commercial activity in the area as a whole from the boaters and tourists these events are expected to attract.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. The proposed rule would affect the following entities, some of which might be small entities: The owners of businesses along the regulated portion of Muskegon Lake and vicinity, and the owners or operators of vessels intending to transit in the regulated portion of Muskegon Lake and vicinity from 11 a.m. EDT through 5 p.m. EDT on Monday, August 13, 2001. The proposed rule would not have a significant economic impact on a substantial number of small entities for the following reasons: The rule will be in effect for a short time, and before the effective period, we will issue extensive advance notice of the event to the maritime community via Local Notice to Mariners and marine safety information broadcasts.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this proposed rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small

business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Coast Guard MSD Grand Haven at the address listed under **ADDRESSES**.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

We have analyzed this proposed rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those costs. The proposed rule would not impose an unfunded mandate.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. A rule with tribal implications has a substantial direct effect on one or more

Indian tribe, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Environment

We considered the environmental impact of this proposed rule and concluded that under figure 2–1, paragraph 34(g) of Commandant Instruction M16475.1C, this proposed rule is categorically excluded from further environmental documentation. This rule will not cause significant impacts on the environment; significantly change existing environmental conditions; have more than a minimal impact on protected properties; or provide inconsistencies with State, local or Federal laws. A “Categorical Exclusion Determination” is available in the docket where indicated under **ADDRESSES**.

BILLING CODE 4910-15-U

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 3

RIN 2900-AK69

Duty to Assist

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) is proposing to amend its adjudication regulations to implement the provisions of the Veterans Claims Assistance Act of 2000 (the VCAA), which was signed by the President on November 9, 2000. The intended effect of this regulation is to establish clear guidelines consistent with the intent of Congress regarding the timing and the scope of assistance VA will provide to a claimant who files a substantially complete application for VA benefits.

DATES: Comments must be received on or before May 4, 2001.

ADDRESSES: Mail or hand-deliver written comments to: Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Ave., NW, Room 1154, Washington, DC 20420; or fax comments to (202) 273-9289; or e-mail comments to OGCRegulations@mail.va.gov. Comments should indicate that they are submitted in response to "RIN 2900-AK69." All comments received will be

available for public inspection in the Office of Regulations Management, Room 1158, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday (except holidays).

FOR FURTHER INFORMATION CONTACT:

Janice Jacobs, Lead Consultant, Strategy Development Staff, Compensation and Pension Service, Veterans Benefits Administration, 810 Vermont Avenue, NW, Washington, DC 20420, telephone (202) 273-7223.

SUPPLEMENTARY INFORMATION: In the Veterans Claims Assistance Act of 2000, Pub. L. 106-475 (the VCAA), Congress amended sections 5102 and 5103 of title 38, United States Code, and added new sections 5100 and 5103A pertaining to VA's duty to assist a claimant in obtaining evidence in support of a claim for benefits. Congress also amended section 5107 by deleting the concept of a "well-grounded claim" previously contained in that section. It retained the concept that the claimant is responsible for presenting and supporting a claim for benefits, and affirmed that the VCAA shall not be construed to require VA to reopen a claim that has been disallowed except when new and material evidence is presented or secured as described in 38 U.S.C. 5108. VA is proposing regulations to implement the provisions of these sections.

The VA General Counsel held in VAOPGCPREC 11-2000 that all of the provisions of the VCAA apply to claims filed on or after November 9, 2000, as well as to claims filed before then but not finally decided as of that date.

Need to Write Regulations

Section 5103A(e) of title 38, United States Code, directs VA to prescribe regulations to carry out the provisions of section 5103A, which now govern VA's duty to assist claimants in obtaining evidence to support their claims. Accordingly, VA is proposing to revise 38 CFR 3.159, the regulation that governs VA's duty to assist.

Definitions

We propose to define the terms "competent medical evidence" and "competent lay evidence" in paragraphs (a)(1) and (a)(2) of § 3.159 consistently with the intent of Congress as shown in the legislative history of the VCAA. See Explanatory Statement on H.R. 4864, As Amended, 146 Cong. Rec. H9913, 9915 (daily ed. Oct. 17, 2000). Our proposed definitions are also consistent with the holdings of the Court of Appeals for Veterans Claims. See, e.g., *Espiritu v. Derwinski*, 2 Vet. App. 492 (1992). We propose to define "competent medical evidence" to mean evidence provided

by a person who, through education, training, or experience, is qualified to offer medical diagnoses, statements or opinions. Competent medical evidence would also include statements conveying sound medical principles found in medical treatises. In addition it would include statements contained in authoritative writings such as medical and scientific articles and research reports or analyses.

We propose to define "competent lay evidence" in § 3.159(a)(2) to mean any evidence not requiring that the proponent have specialized education, training, or experience. Lay evidence is competent if it is provided by a person who has knowledge of facts or circumstances and conveys matters that can be observed and described by a lay person. Although a lay person, under this proposed definition, would not be qualified to offer medical opinions or to diagnose a medical condition, he or she would be qualified to describe symptoms of disability that he or she has experienced or has observed in others. For example, as noted in the legislative history of the VCAA, a lay person can provide competent evidence that he or she has a pain in the knee but "VA would not be bound to accept a veteran's assertion that he has a torn ligament, for that would require more sophisticated information." See Explanatory Statement on H.R. 4864, As Amended, 146 Cong. Rec. H9913, 9915 (daily ed. Oct. 17, 2000).

We propose to define a "substantially complete application" for benefits in 38 CFR 3.159(a)(3) as one that contains the claimant's name; his or her relationship to the veteran, if applicable; identifying service information, if applicable; the benefit claimed and any underlying medical conditions on which it is based; and the claimant's signature. If applicable, as in claims for nonservice-connected disability or death pension, and parents' dependency and indemnity compensation, an application would also have to include a statement of income to be substantially complete. Although VA application forms request more information from the respondent than these facts, the information required to make an application substantially complete is generally sufficient for VA to identify the benefit claimed, determine whether the claimant is potentially eligible for it, and identify, at least generally, the types of evidence that would be required to substantiate the claim. A complete application would necessarily be a substantially complete application for purposes of VA's assistance in developing the claim.
