Small Business Investment Company; Computation of Alternative Maximum Annual Cost of Money to Small Businesses

13 CFR 107.855 limits the maximum annual Cost of Money (as defined in 13 CFR § 107.50) that may be imposed upon a Small Business in connection with Financing by means of Loans or through the purchase of Debt Securities. The cited regulation incorporates the term "Debt Rate", which is defined in 13 CFR § 107.50 as the interest rate, as published from time to time in the **Federal Register** by SBA, for ten year debentures issued by Licensees and funded through public sales of certificates bearing SBA's guarantee.

Accordingly, Licensees are hereby notified that effective the date of publication of this Notice, and until further notice, the Debt Rate, plus the 1 percent annual fee which is added to this Rate to determine a base rate for computation of maximum Cost of Money, is 7.353 percent per annum.

13 CFR 107.855 does not supersede or preempt any applicable law imposing an interest ceiling lower than the ceiling imposed by its own terms. Attention is directed to Section 308(i) of the Small Business Investment Act of 1958, as amended, regarding that law's Federal override of State usury ceilings, and to its forfeiture and penalty provisions.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose of the Proposed New System of Records, the Ticket-to-Work and Self-Sufficiency Program Payment Database, 60-0295 and Proposed Alterations to Existing System of Records, the Completed Determination Record—Continuing Disability Determination, 60-0050

A. General Background

On December 17, 1999, the President signed into law the Ticket-to-Work and Work Incentives Improvement Act of 1999, Public Law 106-170. Section 101(a) of this law amended title XI of the Social Security Act (the Act) by adding section 1148, which provides for the establishment of the Ticket-to-Work and Self-Sufficiency Program (Ticket Program). The Ticket Program provides that certain title II and title XVI Social Security beneficiaries with disabilities will receive a Ticket they can use to obtain employment services, vocational rehabilitation services or other support services from an employment network (EN) which is of the beneficiary's choice and which is willing to provide such services to the beneficiary.

In order to implement and administer this program SSA must collect and maintain personal identifiable information about SSA title II and title XVI beneficiaries with disabilities who are participating in the Ticket Program. SSA's maintenance of this information requires an alteration to an existing system of records and to establish a new system of records under the Privacy Act. Information about the participants for the Ticket program will be maintained in a new system of records entitled, the Ticket-to-Work and Self-Sufficiency Program Payment Database, and in an existing system of records entitled, the Completed Determination Record—Continuing Disability Determination.

B. Collection and Maintenance of Data for the Proposed New System of Records, the Ticket-to-Work and Self-Sufficiency Program Payment Database

The information that will be maintained in the Ticket-to-Work and Self-Sufficiency Program Payment Database will be collected from the Program Manager (PM) and SSA regarding claims for payment made by ENs for specific beneficiaries. Specifically, the Ticket-to-Work and Self-Sufficiency Program Payment Database will maintain payments requested by and made to ENs for

specific beneficiaries under the Ticket Program. This information will be housed under both the EN's employer identification number and each beneficiary's ticket number, which essentially represents the social security number. Additional information collected will include the type, amount and date of the payments made, as well as EN payment requests that are denied.

II. Proposed Routine Use Disclosures of Data Maintained in the Proposed New System of Records, the Ticket-to-Work and Self-Sufficiency Program Payment Database

A. Proposed Routine Use Disclosures

We are proposing to establish routine uses of information that will be maintained in the proposed new system as discussed below.

1. To the Office of the President for the purpose of responding to an individual pursuant to an inquiry received from that individual or from a third party on his or her behalf. We will disclose information under this routine use only in situations in which an individual may contact the Office of the President, seeking that office's assistance in a SSA matter on his or her behalf. Information would be disclosed when the Office of the President makes an inquiry and presents evidence that the office is acting on behalf of the individual whose record is requested.

2. To a congressional office in response to an inquiry from that office made at the request of the subject of a record. We will disclose information under this routine use only in situations in which an individual may ask his/her congressional representative to intercede in an SSA matter on his or her behalf. Information would be disclosed when the congressional representative makes an inquiry and presents evidence that he or she is acting on behalf of the individual whose record is requested.

3. To student volunteers and other workers, who technically do not have the status of Federal employees, when they are performing work for SSA as authorized by law, and they need access to personally identifiable information in SSA records in order to perform their assigned Agency functions. Under certain Federal statutes, SSA is authorized to use the services of volunteers and participants in certain educational, training, employment and community service programs. Examples of such statutes and programs are: 5 U.S.C. 3111 regarding student volunteers and 42 U.S.C. 2753 regarding the College Work Study Program. We contemplate disclosing information under this routine use only when SSA
