DEPARTMENT OF COMMERCE

International Trade Administration [A-122-836]

Notice of Initiation of Antidumping Investigation: Live Processed Blue Mussels From Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Initiation of Antidumping Investigation.

EFFECTIVE DATE: April 6, 2001.

FOR FURTHER INFORMATION CONTACT: Ron Trentham, Zev Primor and Paige Rivas at (202) 482-6320, (202) 482-4114 and (202) 482-0651, respectively; AD/CVD Enforcement Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Initiation of Investigation

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are references to the provisions codified at 19 CFR Part 351 (2000).

The Petition

On March 12, 2001, the Department of Commerce (the Department) received a petition filed in proper form by Great Eastern Mussel Farms Inc. (hereinafter, the petitioner). On March 20, 2001, the Department received a letter from the petitioner amending the petition. The petitioner is a mussel processor in the United States market.

In accordance with section 732(b) of the Act, the petitioner alleges that imports of live processed blue mussels from Canada are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that such imports are materially injuring an industry in the United States.

The Department finds that the petitioner filed this petition on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act and has demonstrated sufficient industry support with respect to the antidumping investigation that it is requesting the Department to initiate (*see below*).

Period of Investigation

The anticipated period of investigation (POI) is April 1, 2000 through March 31, 2001.

Scope of Investigation

Imports covered by the investigation are shipments of live processed blue mussels from Canada. Included in the scope are fresh, live processed blue mussels (*mytilus edulis*). Processing includes, but is not limited to, purging, grading, debearding, picking, inspecting and packing. The live processed blue mussels subject to this investigation are currently classifiable under subheadings 0307.31.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and Customs purposes, the Department's written description of the scope of this investigation remains dispositive. *See Initiation Checklist*, Re: product description.

During our review of the petition, we discussed the scope with the petitioner to ensure that it accurately reflected the product for which the domestic industry is seeking relief. The petitioner agreed that the scope of the petition should be expanded to include both farmed and non-farmed mussels. *See Memorandum to File: Live Blue Processed Mussels from Canada—Scope Definition* (March 20, 2001). Moreover, as discussed in the preamble to the Department's regulations (62 FR 27323), we are setting aside a period for parties to raise issues regarding product coverage. The Department encourages all parties to submit such comments within 20 days from publication of this notice. Comments should be addressed to Import Administration's Central Records Unit at Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The period of scope consultations is intended to provide the Department with ample opportunity to consider all comments and consult with parties prior to the issuance of the preliminary determination.

Determination of Industry Support for the Petition

Section 771(4)(A) of the Act defines the "industry" as the producers of a domestic like product. Thus, to determine whether the petition has the requisite industry support, the statute directs the Department to look to producers and workers who produce the domestic like product. The U.S. International Trade Commission (ITC), which is responsible for determining
