

Note: The provisions of 4A994.g do not apply to work stations designed for and limited to:

- a. Graphic arts (e.g., printing, publishing); and
- b. The display of two-dimensional vectors.
- h. Color displays or monitors having more than 120 resolvable elements per cm in the direction of the maximum pixel density;

Note 1: 4A994.h does not control displays or monitors not specially designed for electronic computers.

Note 2: Displays specially designed for air traffic control (ATC) systems are treated as specially designed components for ATC systems under Category 6.

- i. Equipment containing "terminal interface equipment" exceeding the limits in 5A991.

Note: For the purposes of 4A994.i, "terminal interface equipment" includes "local area network" interfaces, modems and other communications interfaces. "Local area network" interfaces are evaluated as "network access controllers".

- j. Equipment specially designed to provide external interconnection of "digital computers" or associated equipment that allows communications at data rates exceeding 80 Mbyte/s.

Note: 4A994.j does not control internal interconnection equipment (e.g., backplanes, buses) passive interconnection equipment, "network access controllers" or "communication channel controllers".

33 CFR Part 117

[CGD01-01-045]

RIN 2115-AE47

Drawbridge Operation Regulations; Jamaica Bay and Connecting Waterways, New York

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary final rule governing the operation of the Marine Parkway Bridge, at mile 3.0, across Rockaway Inlet in New York. This temporary final rule allows the bridge owner to open this vertical lift bridge to a maximum of 105 feet for vessel traffic

from 8 a.m. on April 30, 2001 through 4:30 p.m. on December 31, 2001. This action is necessary to facilitate maintenance at the bridge.

DATES: This temporary final rule is effective from April 30, 2001 through December 31, 2001.

ADDRESSES: The public docket and all documents referred to in this notice are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts, 02110, 7 a.m. to 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Joseph Schmied, Project Officer, First Coast Guard District, (212) 668-7165.

SUPPLEMENTARY INFORMATION:

Regulatory Information

Pursuant to 5 U.S.C. 553, a notice of proposed rulemaking (NPRM) was not published for this regulation. Good cause exists for not publishing a NPRM because the Coast Guard has determined that it is unnecessary. No vessels known to use this waterway would be precluded from transiting the bridge as a result of the reduction in vertical opening capability from 152 feet to 105 feet. The bridge has not opened beyond 105 feet during the past four years. Additionally, conclusive information from the bridge owner confirming the start date for this bridge maintenance was not provided to the Coast Guard until March 15, 2001. As a result, it was impracticable to draft or publish a NPRM in advance of the requested start date for this necessary maintenance.

Any delay encountered in this regulation's effective date would be contrary to the public interest because these repairs are necessary to insure public safety and insure continued operation of the bridge.

Background

The Marine Parkway Bridge, at mile 3.0, across Rockaway Inlet has a vertical clearance of 152 feet at mean high water and 156 feet at mean low water in the full open position. The existing regulations are listed at 33 CFR 117.795(a).

The bridge owner, the Metropolitan Transit Administration (MTA) Bridges and Tunnels, requested that the bridge be allowed to open no greater than 105 feet above mean high water to facilitate repairs at the bridge. The Coast Guard has determined that the bridge has not opened greater than 105 feet during the past four years.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). This conclusion is based on the fact that the bridge will still continue to open for navigation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612) we considered whether this rule would have a significant economic impact on a substantial number of small entities. "Small entities" comprises small businesses, not-for profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This conclusion is based on the fact that the bridge will continue to open for navigation.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those unfunded mandate costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and

Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (32)(e) of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation because promulgation of changes to drawbridge regulations have been found to not have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05-1(g); section 117.255 also issued under the authority of Pub. L. 102-587, 106 Stat. 5039.

2. From April 30, 2001 through December 31, 2001, § 117.795 is temporarily amended by suspending paragraph (a) and adding a new paragraph (d) to read as follows:

§ 117.795 Jamaica Bay and connecting waterways.

* * * * *

(d) The draw of the Marine Parkway Bridge, mile 3.0, over Rockaway Inlet, shall open on signal, to a maximum vertical height of 105 feet above mean high water, Monday through Friday from 8 a.m. to 4 p.m. At all other times, the draw shall open on signal, to a maximum vertical height of 105 feet above mean high water, if at least an

eight-hour notice is given; however, the draw shall open on signal if at least one-hour notice is given for the passage of U.S. Navy or National Oceanic and Atmospheric Administration vessels.

Dated: March 29, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

[CGD08-01-008]

Drawbridge Operating Regulation; Lake Pontchartrain, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the north bascule span of the US 11 bridge across Lake Pontchartrain between New Orleans and Slidell, Orleans and St. Tammany Parishes, Louisiana. This deviation allows one leaf of the north bascule span of the US 11 bridge to be maintained in the closed-to-navigation position continuously from 1 a.m. on Monday, May 1, 2001 until 6 p.m. on Friday, June 29, 2001. This temporary deviation was issued to allow for the replacement of the south leaf trunnions of the north channel bascule span and the cleaning and painting of both leaves of the bascule span. Presently, the draw opens on signal for the passage of vessels.

DATES: This deviation is effective from 1 a.m. on Monday, May 1, 2001 through 6 p.m. on Friday, June 29, 2001.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), Eighth Coast Guard District, 501 Magazine Street, New Orleans, Louisiana, 70130-3396. The Bridge Administration Branch of the Eighth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The US 11 bascule bridge across Lake

Pontchartrain, between New Orleans and Slidell, has a vertical clearance of 13 feet above mean high water in the closed-to-navigation position and unlimited in the open-to-navigation position. Navigation on the waterway consists of tugs with tows, fishing vessels, sailing vessels, and other recreational craft. The Louisiana Department of Transportation and Development requested a temporary deviation from the normal operation of the drawbridge in order to accommodate the repair and maintenance work including the cleaning and painting of both leaves of the north channel bascule. A similar span restriction occurred in 2000 for the replacement of the north leaf trunnions of the north channel bascule span. During that closure, traffic was able to pass with little inconvenience.

This deviation allows one of the leaves of the north channel bascule span of the US 11 bridge across Lake Pontchartrain, between New Orleans and Slidell, Orleans and St. Tammany Parishes, Louisiana, to be maintained in the closed-to-navigation position continuously from 1 a.m. on Monday, May 1, 2001 until 6 p.m. on Friday, June 29, 2001.

Dated: March 27, 2001.

J.C. Van Sice,

Captain, U.S. Coast Guard, Commander, 8th Coast Guard District, Acting.

Drawbridge Operation Regulations; Kennebec River, ME

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the Carlton Bridge, mile 14.0, across the Kennebec River between Bath and Woolwich, Maine. This deviation from the regulations authorizes the bridge owner to need not open the Carlton Bridge for vessel traffic from April 2, 2001 through May 13, 2001. This deviation is necessary in order to facilitate necessary repairs at the bridge.

DATES: This deviation is effective from April 2, 2001, through May 13, 2001.
