DEPARTMENT OF THE INTERIOR

National Park Service

Sixty-day Notice of Intention To Request Clearance of Collection of Information—Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comments.

SUMMARY: The National Park Service (NPS) Social Science Program is considering submitting to the Office of Management and Budget (OMB) a request for clearance of a renewed program of surveys of the public related to the mission of the NPS. The NPS is publishing this notice to inform the public of this program and to request comments on the program.

Since many of the NPS surveys are similar in terms of the population being

surveyed, the types of questions being asked, and research methodologies, the NPS proposed to OMB and received clearance for a pilot program of approval for NPS visitor surveys (OMB #1024-0224 exp. 8/31/2001). The program presented an alternative approach to complying with the Paperwork Reduction Act (PRA). In the two years since the NPS received clearance for the program of expedited approval, 58 visitor surveys have been conducted in units of the National Park System. The benefits of this program have been significant to the NPS, Department of the Interior (DOI), OMB, NPS cooperators, and the public. Significant time and cost savings have been incurred. Expedited approval was typically granted in 45 days or less from the date the Principal Investigator first submitted a survey package for review. This is a significant reduction over the approximate 6 months involved in the standard OMB approval process. It is estimated that the expedited approval process saved a total of 261 months in Fiscal Years 1999 and 2000. In two years, the expedited approval process has accounted for a cost savings to the federal government and PIs estimated at \$92,250. The initial program included surveys of park visitors. The renewed program will include surveys of park visitors, potential park visitors, and residents of communities near parks.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the NPS, including whether the information will have practical utility; (b) the accuracy of the NPS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) the quality, utility, and clarity of the information to be collected; and (d) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

DATES: Public comments will be accepted on or before June 8, 2001.

SEND COMMENTS TO: Dr. Gary E. Machlis, Visiting Chief Social Scientist, National Park Service, 1849 C Street, NW., (3127), Washington, DC 20240.
