

voluntary to mandatory. The change from voluntary to mandatory is necessary to increase the reliability of the data and to make it available on a more timely basis. Section 2605(b)(14) of the Low Income Home Energy Assistance Act, as amended, requires grantees to provide assurance that they will cooperate with the Secretary with respect to data collecting and reporting. This is one of 16 assurances a State's

governor or someone specifically designated by the governor, makes as part of each year's LIHEAP application. To be in full compliance with section 2605(b)(14), grantees must return the completed survey by the due date. The preliminary estimates collected by the Grantee Survey for the current fiscal year are needed to provide the Administration and Congress with fiscal and case load estimates in time for

hearings about LIHEAP appropriations and program performance. Final estimates for the previous fiscal year will be included in the Department's annual LIHEAP Report to Congress and will be posted on the Department's LIHEAP web site for access by grantees and other interested parties. Respondents: 50 States and the District of Columbia.
