

terms of the Contract, it is impossible for the employer sponsor of the Section 457 Plan to use the assets invested in the Contract for any other purpose.

7. The Applicants rely on the exclusion from the definition of investment company that is identical to statutory provisions relied on by *MassMutual*, and no other provision of the 1940 Act compels Applicants to register under the 1940 Act. Applicants therefore believe they are entitled to rely on the Staff's position articulated in *MassMutual*, that the exclusion under Section 3(c)(11) is available to the Separate Accounts, and that the Separate Accounts should no longer be considered "investment companies" for purposes of registration under the 1940 Act.

8. Applicants assert that, with the passage of the Job Protection Act and subsequent issuance of the *MassMutual* no-action relief by the Staff, there no longer remains any doubt that Section 3(a)(2) of the 1933 Act and Section 3(c)(11) of the 1940 Act may be relied upon to exclude separate accounts issuing securities to Section 457 Plans from the definition of investment company. Given this change in the law, the needs of the Contract Owners, and the competitive landscape of the government retirement plan market, deregistration of the Separate Accounts is necessary or appropriate in the public interest or for the protection of investors and for the purposes fairly intended by the policy and provisions of the 1940 Act.

For the Commission, by the division of Investment Management, under delegated authority.

Margaret H. McFarland,
Deputy Secretary.

[Public Notice 3645]

Bureau of Educational and Cultural Affairs; Public Administration Curriculum Development Project with the New Bulgarian University, Bulgaria

NOTICE: Request for grant proposals.

SUMMARY: The Office of Global Educational Programs of the Bureau of Educational and Cultural Affairs in the Department of State announces an open competition for an assistance award to support the New Bulgarian University in its efforts to develop a curriculum and improve its program of instruction and outreach in public administration. Accredited post-secondary educational institutions meeting the provisions described in IRS regulation 26 CFR 1.501(c) may submit proposals to develop this program. The means for achieving this objective may include faculty training, case study development, consultation, teaching, research, interactive distance education, internship training and professional outreach to local government officials and public sector managers.

Overview and Project Objectives

The project will enable the New Bulgarian University to design instructional materials and to train its faculty for a program in public administration. The New Bulgarian University is also interested in cooperating on the development of a joint degree program with the potential for U.S. accreditation through the U.S. institution. The project will support faculty and curriculum development and outreach to public sector managers and practitioners in Bulgaria and will emphasize empirical public policy analysis.

Applicants are encouraged to develop creative strategies to pursue these objectives. These strategies should reflect an understanding of the status, achievements, and current needs of public administration education in Bulgaria as well as an understanding of the training needs of public managers. Applicants are encouraged to explain in the proposal how empirically based case studies can be emphasized in a curriculum that also addresses a broad range of public policy, public finance and public management issues.

The project should pursue these objectives through a strategy that coordinates the participation of junior and senior level faculty, administrators, or graduate students for any appropriate combination of teaching, research, mentoring, internships, and outreach to
