

Alternative 1: No Action

Under the No Action alternative, the Forest Service would allow continued motorized use of FDT 1135, FDR 711.1, and FDR 711.1A and would not amend the Routt National Forest Plan.

Trailhead parking areas would not be created, physical barriers to the road and trail would not be installed, and informational signing and Interpretive Education bulletin boards would not be installed. This alternative would not comply with the Routt National Forest Plan; however, it provides a baseline to compare the effects of the action alternatives.

Alternative 2: Change the Management Area Prescription Surrounding FDT 1135, FDR 711.1, and FDR 711.1A to Accommodate Motorized Use

Under this alternative, the Forest Service would create a motorized Management Area corridor around FDT 1135, FDR 711.1, and FDR 711.1A. This action would change a linear portion of the currently non-motorized Management Area prescription to one that accommodates motorized uses in back country settings for roughly 100 feet on either side of roads and trail. The Management Area change would affect roughly 9 miles of the trail and approximately 3 miles of road. All other activities associated with this alternative would be identical to the Proposed Action, except installation of physical barriers to the road and trail. Selection of this alternative would require an amendment to the Routt National Forest Plan.

Alternative 3: Change the Management Area Prescription Northwest of FDT 1135 and west of FDR 711.1 to 3.31—Backcountry Recreation, Year-round Motorized

Under this alternative, the Forest Service would change the Management Area prescription on the northwest side of FDT 1135 and west side FDR 711.1A from 1.32 (Backcountry Recreation, Non-motorized) to 3.31 (Backcountry Recreation, year-round Motorized). This would allow motorcycle use to continue on FDT 1135, FDR 711.1, and FDR 711.1A. All other activities associated with this alternative would be identical to the Proposed Action, except installation of physical barriers to the trail. Selection of this alternative would require an amendment to the Routt National Forest Plan.

Alternative 4: Change the Entire Management Area Prescription to 3.31—Backcountry Recreation, Year-round Motorized

Under this alternative, the Forest Service would change the entire Management Area prescription surrounding Trail 1135 from 1.32 (Backcountry Recreation, Non-motorized) to 3.31 (Backcountry Recreation, year-round Motorized). This alternative would also allow motorcycle use to continue on trail 1135. All other activities associated with this alternative would be identical to the Proposed Action, except installation of physical barriers to the trail. Selection of this alternative would require an amendment to the Routt National Forest Plan.
