## POSTAL SERVICE

### 39 CFR Part 20

#### International Mail; Changes in Postal Rates, Fees, and Mail Classifications

**AGENCY:** Postal Service.

**ACTION:** Change of Effective Date for Elimination of Global Package Link Service.

**SUMMARY:** The Postal Service is changing the effective date for elimination of the Global Package Link service from April 1, 2001 to April 30, 2001. This change will allow our customers more time to change their manifesting systems.

**DATES:** 1. The effective date of the elimination of Global Package Link service published in the **Federal Register** on December 8, 2000 (65 FR 77076), is delayed until April 30, 2001.

2. The effective date of the final rule amending international postal rates, fees, and mail classifications in 39 CFR part 20 published on December 8, 2000, remains January 7, 2001.

**FOR FURTHER INFORMATION CONTACT:** Angus MacInnes, 703-292-3601.

**SUPPLEMENTARY INFORMATION:**

- On September 26, 2000, the Postal Service published in the **Federal Register** (65 FR 57864) a notice of proposed changes to international postal rates, fees, and mail classifications. In that notice, we proposed eliminating the Global Package Link service. We also stated that current customers will be offered other services for their mail.

- On December 8, 2000, the Postal Service published the final rule in the **Federal Register** (65 FR 77076). In that rule, we stated that the current service hasn't attracted enough customers to justify continuation of the service in its current form. Therefore, we eliminated the service. However, because of the comments from customers who use the Global Package Link service, the Postal Service delayed the elimination of the service until April 1, 2001. The delay was to allow Global Package Link customers enough time to transition to other products.

- The Postal Service now realizes that some customers may need additional time to change their manifesting system; therefore, we have further delayed the effective date for elimination of the Global Package Link service until April 30, 2001.

### List of Subjects in 39 CFR Part 20

Foreign relations, International postal services.

### PART 20—[AMENDED]

This is a technical amendment because it only amends the effective date of the elimination of Global Package Link service. Accordingly, the final rule amending 39 CFR part 20, which was published at 65 FR 77076 on December 8, 2000, is adopted as a final rule without change.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 64

[Docket No. FEMA-7759]

#### Suspension of Community Eligibility

**AGENCY:** Federal Emergency Management Agency, FEMA.  
**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the

floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the **Federal Register**.

**EFFECTIVE DATES:** The effective date of each community's suspension is the third date ("Susp.") listed in the third column of the following tables.

**ADDRESSES:** If you wish to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

**FOR FURTHER INFORMATION CONTACT:** Donna M. Dannels, Division Director, Policy and Assessment Division, Mitigation Directorate, 500 C Street, SW., Room 411, Washington, DC 20472, (202) 646-3098.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the National Flood Insurance Program, 42 U.S.C. 4001 et seq., unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 et seq. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM if one has been published, is indicated in the fourth column of the
