**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

Title III of Public Law 105-330 required the United States Patent and Trademark Office (USPTO) to conduct a study as to how the official insignia of Native American Tribes could be better protected under Trademark law. A study was conducted, and a report was presented to the Chairman of the Committee on the Judiciary of the Senate and to the Chairman of the Committee on the Judiciary of the House of Representatives on November 30, 1999.

One of the recommendations set forth in the report was that the USPTO create and maintain an accurate and comprehensive database of the official insignias of Native American tribes.

Accordingly, the USPTO will create such a database, and will accept requests from any federally- or state-recognized Native American tribe to include that tribe's official insignia in the database.

Requests from federally-recognized tribes will be in writing, and will be accompanied by (1) a depiction of the insignia, including the name of the tribe and an address for correspondence; (2) a copy of the tribal resolution adopting the insignia in question as the official insignia of the tribe; and (3) a statement, signed by an official with authority to bind the tribe, confirming that the insignia included with the request is identical to the official insignia adopted by tribal resolution.

Requests from state-recognized tribes will likewise be in writing, and will likewise be accompanied by each of the three items to be submitted by federally-

recognized tribes. Additionally, requests from state-recognized tribes will also be accompanied by either a document issued by a state official that demonstrates that the state has determined that the entity is a Native American tribe, or a citation to a state statute that designates the entity as a Native American tribe.

**II. Method of Collection**

*Estimated Total Annual Respondent Burden Hours:* 74 hours per year.

*Estimated Total Annual Respondent Cost Burden:* Using the paraprofessional hourly rate of \$30.00 per hour for members of the Native American tribes and tribal governments, the USPTO estimates that salary costs associated with the respondents will be \$2,220.00 per year.
