[Docket No. RP01-374-000]

PG&E Gas Transmission, Northwest Corporation; Notice of Proposed Change in FERC Gas Tariff

April 13, 2001.

Take notice that on April 10, 2001, PG&E Gas Transmission, Northwest Corporation (GTN) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1-A, Thirty-first Revised Sheet No. 4, to become effective April 1, 2001.

GTN states that the purpose of this filing is to request a reduction in its Mitigation Revenue Recovery Surcharge (MRRS) in compliance with the requirements of its Settlement in Docket Nos. RP94-149-000, et al. In addition, GTN is filing to reduce its Competitive Equalization Surcharge, which was designed to mirror the MRRS and apply to new expansion shippers subscribing to long-term firm capacity on GTN.

GTN further states that a copy of this filing has been served on GTN's jurisdictional customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention****Statement of Organization, Functions, and Delegations of Authority**

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772-76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended

most recently at 66 FR 14904-14906, dated March 14, 2001) is amended to reflect the establishment of the National Center on Birth Defects and Developmental Disabilities within the Centers for Disease Control and Prevention.

The Children's Health Act of 2000, passed by the U.S. Congress and signed into law by the President on October 17, 2000, requires the establishment of the National Center on Birth Defects and Developmental Disabilities at CDC by April 15, 2001. As specified in the Act, CDC will include in the new Center the programs, functions, and staff of the current Division of Birth Defects and Developmental Disabilities (DBDDD), National Center for Environmental Health (NCEH). Consequently, DBDDD will be abolished as an organizational component of NCEH and established as the National Center on Birth Defects and Developmental Disabilities. Congressional intent of the Act is focused on incorporating birth defects and developmental disabilities, as well as adult disabilities and secondary prevention programs, in the new Center.

Section C-B, Organization and Functions, is hereby amended as follows:

After the mission statement for the *Division of Acute Care, Rehabilitation Research, and Disability Prevention (CE6), National Center for Injury Prevention and Control (CE)*, insert the following:

National Center on Birth Defects and Developmental Disabilities (CF)

The mission of the National Center on Birth Defects and Developmental Disabilities (NCBDDD) is to improve the health of children and adults by preventing birth defects and developmental disabilities, promoting optimal child development, and the health and wellness among children and adults living with disabilities. In carrying out this mission, this organization: (1) Conducts public health research, epidemiological investigations, and program demonstrations directed toward preventing birth defects and developmental disabilities, optimal fetal, infant, and child development, and promoting the health and wellness of people with disabilities, including the prevention of secondary conditions; (2) plans, develops, establishes, and maintains systems of surveillance and monitoring the population for these conditions; (3) operates regional centers for the conduct of applied epidemiological research on these conditions; (4) provides information and education to health care providers, public health professionals, and the public on these conditions; (5) provides technical assistance, consultation, capacity building through technology transfer, grants, cooperative agreements, contracts, and other means to State, local, international, and nonprofit organizations to prevent and control these
