SUPPLEMENTARY INFORMATION: The Drug-Free Communities Support Program is authorized by the Drug-Free Communities Act of 1997 (Pub. L. 105-20). The program is designed to strengthen community antidrug coalitions and reduce substance abuse among youth.

Grantees will receive up to \$100,000 in funding and training and technical assistance to reduce substance abuse among youth by addressing the factors in a community that serve to increase or decrease the risk of substance abuse and establish and strengthen collaboration among communities, including Federal, State, local, and tribal governments and private nonprofit agencies to support community coalition efforts to prevent and reduce substance abuse among youth.

Eligible applicants are community coalitions whose members have worked together on substance abuse reduction initiatives for a period of not less than 6 months. The coalition will use entities such as task forces, subcommittees, community boards, and any other community resource that will enhance the coalition's collaborative effort. With substantial participation from community volunteer leaders, the coalition will implement multisector, multistrategy, long-term plans designed to reduce substance abuse among youth. Coalitions may be umbrella coalitions serving multicounty areas. However, no statewide grants will be awarded.
