ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision and request for redesignation submitted by the state of Nebraska for the purpose of redesignating the lead nonattainment area in eastern Douglas County, Nebraska, to attainment of the national ambient air quality standards (NAAQS). If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action.
