Information Collection Request

1. *Title:* Inflatable Personal Flotation Devices for Recreational Vessels.

OMB Control Number: 2115-0619.

Summary: The information collected will identify inflatable personal flotation devices (PFDs) by number, ensure compliance with Coast Guard regulations, and, made public, inform owners of PFDs on proper use, care, and maintenance of PFDs.

Need: The information collected under 46 CFR subpart 160.076 mainly concerns the labeling and preparation of manuals for inflatable PFDs. 33 CFR 175.15 requires that every person using a recreational vessel carry enough PFDs for each person on board. In keeping with this requirement, the Coast Guard has established a system for approval of PFDs for use on such vessels. To facilitate approval and inspection, the Coast Guard requires that manufacturers place labels on their devices and publish manuals to help the users. The labels serve two purposes. First, they indicate the chest size of each PFD and also display printed and pictographic instructions for proper use and care of it. Second, because they include specific product numbers and manufacturers' names, they are central to the Coast Guard's mission of identifying faulty equipment and then notifying the responsible producer. Like the labels, the manuals serve two purposes. First, they give the users information they will need to properly use and maintain the PFDs. Second, they keep the Coast Guard current on the specifications and design of new PFDs.

Respondents: Frequency: Manufacturers of PFDs.

Frequency: On occasion.

Burden Estimate: The estimated burden is 1,406 hours a year.

Dated: 16 April 2001.

N.S. Heiner,

Acting Director of Information and Technology.

FOR FURTHER INFORMATION CONTACT: Mr. Paul Johnson, Project Manager, Federal Aviation Administration, Northwest Mountain Region, Seattle Airports District Office, 1601 Lind Avenue, S.W., Suite 250, Renton, Washington 98055-4056.

The request to release property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at the Kittitas County Airport under the provisions of the AIR 21.

On February 1, 2001, the FAA determined that the request to release property at Kittitas County Airport submitted by the city met the procedural requirements of the Federal Aviation Regulations, Part 155. The FAA may approve the request, in whole or in part, no later than June 15, 2001.

The following is a brief overview of the request:

The Kittitas County Airport requests the release of .29 acres of non-aeronautical airport property to the City of Ellensburg. The purpose of this release is to transfer ownership to the City of Ellensburg for construction of a water tower. The city entered into an agreement to install a water and sewer system that would extend from Ellensburg city limits to the Kittitas County Airport industrial area. The water and sewer improvements increase the value of industrial land at the airport, which will attract potential leases within the industrial area and produce increased revenue for Kittitas County Airport.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the application, notice

and other documents germane to the application in person at Kittitas County, 205 West 5th, Ellensburg, Washington 98926.

Issued in Renton, Washington on April 4, 2001.

J. Wade Bryant,

Manager, Seattle Airports District Office.
