(a) Radiation Advisory Committee (RAC): "GENII Ver. 2: USEPA's Use and Adaptation of GENII Environmental Radiation Dosimetry System—An SAB Advisory" (see 65 FR 18095, dated April 6, 2000 for details).

(b) Radiation Advisory Committee (RAC): Advisory on the "Radiation in Sewage Sludge: Interagency Steering Committee on Radiation Standards (ISCORS) Dose Modeling Report—An SAB Advisory" (see 65 FR 70906, dated November 28, 2000 for details).

Availability of Review Materials

Drafts of the reports that will be reviewed at the meeting will be available to the public on the SAB website (<http://www.epa.gov/sab>) approximately two weeks prior to the meeting. An agenda will also be posted to the website at that time or can be requested from Ms. Pozun.

Charge to the Executive Committee

The focus of the review of these two reports will be on the following questions:

(a) Has the SAB adequately responded to the questions posed in the Charge?

(b) Are the statements and/or responses in the draft report clear?

(c) Are there any errors of fact in the report?

Providing Oral or Written Comments

In accord with the Federal Advisory Committee Act (FACA), the public and the Agency are invited to submit written comments on these three questions that are the focus of the review. Submissions should be received by May 18, 2001 by Ms. Diana Pozun, EPA Science Advisory Board, Mail Code 1400A, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington DC 20460. (Telephone (202) 564-4544, FAX (202) 501-0582; or via e-mail at pozun.diana@epa.gov). Submission by e-mail to Ms. Pozun will maximize the time available for review by the Executive Committee. The SAB will have a brief period available during the teleconference for applicable oral public comment. Therefore, anyone wishing to make oral comments on the three focus questions above, but that are not duplicative of the written comments, must contact Dr. Donald G. Barnes, Designated Federal Officer for the Executive Committee (see contact information below), *in writing* no later than May 16, 2001.

For Further Information

Any member of the public wishing further information concerning this

meeting should contact Dr. Donald Barnes, Designated Federal Officer, US EPA Science Advisory Board (1400A), 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0001; telephone (202) 564-4533; FAX (202) 501-0323; or via e-mail at barnes.don@epa.gov.

Providing Oral or Written Comments at SAB Meetings

It is the policy of the Science Advisory Board to accept written public comments of any length, and to accommodate oral public comments whenever possible. The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

Oral Comments: In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total, unless otherwise stated. Deadlines for getting on the public speaker list for a meeting are given above. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting.

Written Comments: Although the SAB accepts written comments until two days following the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration. Comments should be supplied to the appropriate DFO at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file formats: WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format)). Those providing written comments and who attend the meeting are also asked to bring 25 copies of their comments for public distribution.
