Description: The Telecommunications Act of 1996 (1996 Act) directed the Commission to initiate a rulemaking reform to our system of universal service so that universal service is preserved and advanced as markets move toward competition. On May 8, 1997, the Commission adopted rules providing, among other things, that rural health care providers receive access to advanced telecommunications services at rates that are reasonably comparable to those available in urban areas. All rural health care providers planning to order eligible telecommunications services at discounted rates under the universal service program must file the following forms: FCC Form 465, Description of Service Requested and Certification. Rural health care providers ordering discounted telecommunications services under the universal service program must submit FCC Form 465, Description of Service Requested and Certification to the Administrator. Rural health care providers must certify their eligibility to receive discounted telecommunications services. 47 CFR Section 54.615(c). The Administrator will then post a description of the services sought on a website for all potential competing service providers to see and respond to as if they were requests for proposals (RFPs). (*No. of respondents:* 1200; *hours per response:* 2.5 hours; *total annual burden:* 300 hours). b. FCC Form 466, Funding Request and Certification. Rural health care providers that have ordered telecommunications under the universal service discount program must file FCC Form 466, Funding Request and Certification Form, with the Administrator. The data reported

will be used to ensure that health care providers have selected the most cost-effective method of providing the requested services. 47 CFR Section 54.603(b)(4). (*No. of respondents:* 1350; *hours per response:* 2 hours; *total annual burden:* 2700 hours). c. FCC Form 466-A, Internet Toll Charge Discount Request. If a rural health care provider is only seeking support for toll charges to access the Internet, it must submit FCC Form 466-A. (*No. of respondents:* 5; *hours per response:* 1 hour; *total annual burden:* 5 hours). d. FCC Form 467, Connection Certification. Rural health care providers participating in the universal service support mechanism must submit FCC Form 467 to inform the Administrator that they have begun to receive, or have stopped receiving, the telecommunications services for which universal service support has been allocated. The data reported will be used to ensure that universal service support is distributed to telecommunications carriers serving eligible health care providers pursuant to 47 CFR Section 54.611. (*No. of respondents:* 1350; *hours per response:* 1.5 hours; *total annual burden:* 2025 hours). e. FCC Form 468, Telecommunications Carrier Form. Rural health care providers ordering telecommunications services under the universal service support mechanism must submit FCC Form 468, Telecommunications Carrier Form to the Administrator. The data reported will be used to ensure that the telecommunications carrier receives the appropriate amount of credit for providing telecommunications services to eligible health care providers. 47 CFR Sections 54.605-611. (*No. of respondents:* 1350; *hours per response:* 1.5 hours; *total annual burden:* 2025 hours). FCC Forms 466, 467 and 468 were recently revised. Copies of all the above-mentioned forms may be downloaded from the Administrator's website at (www.universalservice.org). Copies of the forms may also be obtained by calling the Universal Service Administrative Corporation, Rural Health Care Division at 1-800-229-5476. *Obligation to respond:* Required to obtain or retain benefits.
