

technical conference website at <http://techconf.llnl.gov/cgi-bin/topics>.

Purpose of Meeting: To obtain stakeholder views on how to improve the NRC oversight program for ensuring that fuel cycle licensees and certificate holders maintain protection of worker and public health and safety, protection of the environment, and safeguards for special nuclear material and classified matter in the interest of national security. The oversight program applies to commercial nuclear fuel cycle facilities regulated under 10 CFR parts 40, 70, and 76. The facilities currently include gaseous diffusion plants, highly enriched uranium fuel fabrication facilities, low-enriched uranium fuel fabrication facilities, and a uranium hexafluoride (UF₆) production facility. These facilities possess large quantities of materials that are potentially hazardous (i.e., radioactive, toxic, and/or flammable) to the workers, public, and environment. Also, some of the facilities possess information and material important to national security. In revising the oversight program, the goal is to have an oversight program that: (1) Provides earlier and more objective indications of facility performance in the areas of safety and national security, (2) increases stakeholder confidence in the NRC, and (3) increases regulatory effectiveness, efficiency, and realism. To achieve this goal, the NRC desires the revised oversight program to be more risk-informed and performance-based.

The May 8, 2001 public meeting will focus on the development of a general policy on how the effectiveness of licensee corrective actions will be factored into performance assessments and the NRC's response to licensee performance.

DATES: Members of the public, industry, and other stakeholders are invited to attend and participate in the meeting, which is scheduled for 9 to 10:15 a.m. on Tuesday, May 8, 2001. The meeting will be held in the One White Flint North building in conference room O-4B6.

ADDRESSES: NRC Headquarters, 11555 Rockville Pike, in Rockville, MD. Visitor parking around NRC Headquarters is limited; however, the public meeting site may be reached by taking the Washington DC area metro to White Flint. NRC Headquarters is located across the street from the White Flint metro station.

FOR FURTHER INFORMATION, CONTACT: Patrick Castleman, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission,

Washington, DC 20555, telephone (301) 415-8118, e-mail pic@nrc.gov.

For the Nuclear Regulatory Commission.

Dated at Rockville, Maryland this 20 day of April, 2001.

Patrick Castleman,

Project Manager, Inspection Section, Safety and Safeguards Support Branch, Division of Fuel Cycle Safety and Safeguards.

BILLING CODE 7590-01-U

PEACE CORPS

Proposed Information Collection Requests

AGENCY: Peace Corps.

ACTION: Notice of public use form review request to the Office of Management and Budget (OMB Control Number 0420-0529).

SUMMARY: Pursuant to the Paperwork Reduction Act of 1981 (44 USC, Chapter 35), the Peace Corps has submitted to the Office of Management and Budget a request for approval of information collections OMB Control Number 0420-0529, the Peace Corps Day Brochure Registration Form. The purpose of this notice is to allow for public comments on whether the proposed collection of information is necessary for the proper performance of the functions of the Peace Corps, including whether their information will have practical use; the accuracy of the agency's estimate of the burden of the proposed collections information, including the validity of the methodology and assumptions used; ways to enhance the quality, utility and the clarity of the information to be collected; and, ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques, when appropriate, and other forms of information technology. A copy of the information collection may be obtained from Lisa Ward, Office of Domestic Programs, Peace Corps, 1111 20th Street, NW., Room 2134, Washington, DC 20526. Ms. Ward may be contacted by telephone at 202-692-1422 or 800-424-8580 ext 1422. Comments on the form should also be addressed to the attention of Ms. Ward within sixty days of the publication date in the **Federal Register**.

Information Collection Abstract

Title: Peace Corps Day Brochure Registration Form.

Need for and Use of This Information: This collection of information is necessary because the Peace Corps' Office of Domestic Programs builds

awareness of the continuing benefits that former Volunteers bring back to the United States after their service through its Coverdell World Wise Schools program, the Fellows/USA graduate fellowship program, Returned Volunteers Services, and through Peace Corps Day. For more than 10 years, programs and publications have aimed to harness the cross-cultural experiences of returned Peace Corps Volunteers (RPCVs) to foster better global understanding among Americans, and particularly students, throughout the United States. The information is used by the Office of Domestic Programs to send presentation and educational materials to RPCVs, which enhances the quality of the presentations. Information is also used by Public Affairs Specialists to promote Peace Corps Day regionally, broadly raising awareness for the Peace Corps and augmenting recruiting efforts.

Respondents: Returned Peace Corps Volunteers.

Respondent's Obligation to Reply: Voluntary.

Burden on the Public:

- Annual reporting burden:** 6,500 hours.
- Annual record keeping burden:** 0 hours.
- Estimated average burden per response:** 3 minutes.
- Frequency of response:** one time.
- Estimated number of likely respondents:** 130,000.
- Estimated cost to respondents:** \$1.02.

Responses will be returned by postage-paid business reply card, fax, email, and downloaded from the Peace Corps web site. (www.peacecorps.gov)

This notice is issued in Washington, DC on April 20, 2001.

Doug Warnecke,

Acting, Chief Information Office and Associate Director for Management.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request; Copies Available From: Securities and Exchange Commission, Office of Filings and Information Service, Washington, DC 20549.

Extension:

- Rule 301 and Forms ATS and ATS-R, SEC File No. 270-451, OMB Control No. 3235-0509
- Rule 302, SEC File No. 270-453, OMB Control No. 3235-0510

Rule 303, SEC File No. 270-450, OMB Control No. 3235-0505

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget for extension and approval.

Regulation ATS provides a regulatory structure that directly addresses issues related to alternative trading systems' role in the marketplace. Regulation ATS allows alternative trading systems to choose between two regulatory structures. Alternative trading systems have the choice between registering as broker-dealers and complying with Regulation ATS or registering as national securities exchanges. Regulation ATS provides the regulatory framework for those alternative trading systems that choose to be regulated as broker-dealers.

Rule 301 of Regulation ATS contains certain notice and reporting requirements, as well as additional obligations that only apply to alternative trading systems with significant volume. Rule 301 describes the conditions with which an alternative trading system must comply to be registered as a broker-dealer. Rule 301 requires all alternative trading systems that wish to comply with Regulation ATS to file an initial operation report on Form ATS. The initial operation report requires information regarding operation of the system including the method of operation, access criteria and the types of securities traded. Alternative trading systems are also required to supply updates on Form ATS to the Commission, describing material changes to the system, and quarterly transaction reports on Form ATS-R. Alternative trading systems are also required to file cessation of operations reports on Form ATS.

Alternative trading systems with significant volume are required to comply with requirements for fair access and systems capacity, integrity and security. Under Rule 301, such alternative trading systems are required to establish standards for granting access to trading on its system. In addition, upon a decision to deny or limit an investor's access to the system, an alternative trading system is required to provide notice to the investor of the denial or limitation and their right to an appeal to the Commission. Regulation ATS requires alternative trading systems

to preserve any records made in the process of complying with the systems' capacity, integrity and security requirements. In addition, such alternative trading systems are required to notify Commission staff of material systems outages and significant systems changes.

The Commission uses the information provided pursuant to Rule 301 to comprehensively monitor the growth and development of alternative trading systems to confirm that investors effecting trades through the systems are adequately protected, and that the systems do not impede the maintenance of fair and orderly securities markets or otherwise operate in a manner that is inconsistent with the federal securities laws. In particular, the information collected and reported to the Commission by alternative trading systems enables the Commission to evaluate the operation of alternative trading systems with regard to national market system goals, and monitor the competitive effects of these systems to ascertain whether the regulatory framework remains appropriate to the operation of such systems. Without the information provided on Forms ATS and ATS-R, the Commission would not have readily available information on a regular basis in a format that will allow it to determine whether such systems have adequate safeguards.

Respondents consist of alternative trading systems that choose to register as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 69 respondents.

An estimated 69 respondents will file an average total of 493 responses per year, which corresponds to an estimated annual response burden of 1,988.5 hours. At an average cost per burden hour of approximately \$77.07, the resultant total related cost of compliance for these respondents is \$153,263.14 per year (1988.5 burden hours multiplied by \$77.07/hour).

Rule 302 of Regulation ATS describes the recordkeeping requirements for alternative trading systems that are not national securities exchanges. Under Rule 302, alternative trading systems are required to make a record of subscribers to the alternative trading system, daily summaries of trading in the alternative trading system and records of order information in the alternative trading system.

The information required to be collected under Rule 302 should increase the abilities of the Commission, state securities regulatory authorities, and the self-regulatory organizations

(SROs) to ensure that alternative trading systems are in compliance with Regulation ATS as well as other rules and regulations of the Commission and the SROs. If the information is not collected or collected less frequently, the Commission would be severely limited in its ability to comply with its statutory obligations, provide for the protection of investors and promote the maintenance of fair and orderly markets.

Respondents consist of alternative trading system that choose to register as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 69 respondents.

Sixty-nine respondents will spend approximately 2,484 hours per year to comply with the recordkeeping requirements of Rule 302. At an average cost per burden hour of \$86.54, the resultant total related cost of compliance for these respondents is \$214,965.36 per year (2,484 burden hours multiplied by \$86.54/hour).

Rule 303 of Regulation ATS describes the record preservation requirements for alternative trading systems that are not national securities exchanges.

For alternative trading systems that register as broker-dealers, comply with Regulations ATS and meet certain volume thresholds, such alternative trading systems would be required to preserve all records made pursuant to Rule 302, which includes information relating to subscribers, trading summaries and order information. Such alternative trading systems would also be required to preserve records of any notices communicated to subscribers, a copy of the systems' standards for granting access and any documents generated in the course of complying with the systems' capacity, integrity and security requirements under Regulation ATS. Rule 303 also describes how such records be kept and how long they must be preserved.

The information contained in the records required to be preserved by Rule 303 will be used by examiner and other representatives of the Commission, state securities regulatory authorities, and the SROs to ensure that alternative trading systems are in compliance with Regulation ATS as well as other rules and regulations of the Commission and the SROs. Without the data required by Rule 303, the Commission would be severely limited in its ability to comply with its statutory obligations, provide for the protection of investors and promote the maintenance of fair and orderly markets.

Respondents consist of alternative trading systems that choose to register

as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 69 respondents.

Sixty-nine respondents will spend approximately 276 hours per year (69 respondents at 4 burden hours/respondent) to comply with the record preservation requirements of Rule 303. At an average cost per burden hour of \$86.54, the resultant cost of compliance for these respondents is \$23,885.04 per year (276 burden hours multiplied by \$86.54/hour).

Written comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Direct your written comments to Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549.

Dated: April 17, 2001.

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010-01-M

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request; Copies Available

From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Form SE, OMB Control No. 3235-0327, SEC File No.270-289
Form ID, OMB Control No. 3235-0328, SEC File No.270-291
Form ET, OMB Control No. 3235-0329, SEC File No.270-290
Form TH, OMB Control No. 3235-0425, SEC File No.270-377

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995

(44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget requests for extension of the previously approved collections of information discussed below.

Form SE is used by registrants to file paper copies of exhibits that would be difficult or impossible to submit electronically. The information contained in Form SE is used by the Commission to identify paper copies of exhibits. Form SE is a public document and is filed on occasion. Form SE is filed by individuals, companies or other for-profit organizations that are required to file electronically. It is estimated that 110 registrants file Form SE at an estimated .10 hours per response for a total annual burden of 11 hours.

Form ID is used by companies to apply for identification numbers and passwords used in conjunction with the EDGAR electronic filing system. The information provided on Form ID is essential to the security of the EDGAR system. Form ID is not a public document because it is used solely for the purpose of registering filers on the EDGAR system. Form ID must be file every time a registrant or other person obtains or changes an identification number. The form is filed by individuals, companies or other for-profit organizations that are required to file electronically. It is estimated that 7,000 registrants file Form ID at an estimated .15 hours per response for a total annual burden of 1,050 hours.

Form ET is used by companies to facilitate the transfer of information submitted to the Commission on magnetic tapes to the EDGAR system. Form ET provides technical information about the magnetic tape cartridge contents and identifies a contract person who can answer any questions about the tape cartridge. Form ET is a public document and is filed on occasion. It is filed by individuals, companies or other for-profit organization that are required to file electronically. It must be filed every time a filing is submitted to the Commission on magnetic tape to identify such filings. It is estimated that 120 registrants file Form ET at an estimated .25 hours per response for a total annual burden of 30 hours.

Form TH is used by registrants to notify the Commission that an electronic filer is relying on the temporary hardship exemption for the filing of a document in paper format that would otherwise be required to file electronically as prescribed by Rule 201(a) of Regulations S-T. Form TH is a public document and is filed on occasion. Form TH must be filed every

time an electronic filer experiences unanticipated technical difficulties preventing the timely preparation and submission of a required filing. It is estimated that Form TH is filed by 15 registrants at an estimated .33 hours per response for a total annual burden of 5 hours.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments regarding the above information should be directed to the following persons: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503; and (ii) Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549. Comments must be submitted to OMB within 30 days of this notice.

Dated: April 19, 2001.

Margaret H. McFarland,

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-44201; Form Type 34-36 MR; File No. 79-9]

Order Granting Application for a Conditional Exemption by the National Association of Securities Dealers, Inc. Relating to the Acquisition and Operation of a Software Development Company by the Nasdaq Stock Market, Inc.

April 18, 2001.

I. Introduction

On March 3, 2000, the National Association of Securities Dealers, Inc. ("NASD") and The Nasdaq Stock Market, Inc. ("Nasdaq") filed with the Securities and Exchange Commission ("Commission"), pursuant to Rule 0-12¹ under the Securities Exchange Act of 1934 ("Exchange Act"), an application for a conditional exemption under section 36(a)(1) of the Exchange Act² relating to the Nasdaq's acquisition and operation of a software development company. In addition, the NASD requested that, if the commission determined to solicit comment on the

¹ 17 CFR 240.0-12.

² 15 U.S.C. 78mm(a)(1).
